Forecast of the Rabi Crops of Bengal for the year 1940-41.

(Note.—On an average of the five years ending 1938-39, the area under summer rice in Bengal has represented some 0·6 per cent. of the total area under rice in India.)

Character of the season.—Excepting in some parts of the province, the weather conditions have been unfavourable throughout owing to drought which has affected the growth of the crops.

Acreage.—The normal area under the different *rabi* crops dealt with in this forecast is estimated at 3,751,400 acres. The area actually sown this year is reported to be 3,600,500 acres as against 3,416,900 last year. Of this, the area under summer rice is reported to be 437,400 acres as against 417,500 acres last year and that under tobacco is 221,800 acres as against 316,600 acres last year.

Outturn.—According to the District Officers' estimates, the average outturn of the different *rabi* crops for the province, as a whole, works out at 75 per cent. of the normal as against 80 per cent. last year, while the outturn for the more important *rabi* districts being as follows:—

Mymensingh 100, Dacca 93, Rangpur 75, Murshidabad 63, Faridpur 68, Pabna 68, Noakhali 75, Rajshahi 51, Bakarganj 87, Tippera 77, Nadia 57, Jalpaiguri 89, Malda 68, and Bogra 35 of the normal.

Summer rice and tobacco crops.—The outturn of summer (*boro*) rice, according to the District Officers' estimates is 88 per cent. of the normal as against 88 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 14½ maunds of clean rice per acre is estimated at 202,700 tons this year as against 193,500 tons last year.

The outturn of tobacco crop is estimated at 77 per cent. of the normal as against 81 per cent. last year. Taking 986 lbs. as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 108,300 tons this year as against 127,200 tons last year.

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

(2) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

NOTIFICATION.

Calcutta, the 7th April 1941.

It is ordered by the High Court of Judicature at Fort William in Bengal that, with effect from the 1st day of May 1941, rules 7 and 8 of the rules under the Indian Income Tax Acts set out in Appendix No. 1, Appendices (Part II) and rule 22 of Chapter I of the Rules of the High Court, Original Side, 1914 (4th Edition), be repealed and in lieu thereof the following rules be adopted:—

Appendix No. 1.

7. Advocates not entitled to practise on the Original Side and Advocates so entitled under Chapter I, rule 2(*iii*), (*iv*) and (*vi*) and Attorneys, shall be entitled to appear and act in all matters governed by these rules.

8. Costs in all Income Tax matters are within the discretion of the Court, and will be paid by such party or parties as the Court may order. Unless otherwise ordered, they will be taxed according to the scale on the Original Side. Costs of and incidental to a reference will be taxed in the same manner as of a hearing of an appeal from a decree of the Original Side. Advocates who appear and plead, whether instructed by another Advocate or an Attorney, shall be allowed the same fees as are allowed to Counsel under rules 32 and 33 of Chapter XXXVI of the Rules of the Original Side (including fees to second and third Advocates, if so allowed by the Court). If such costs are ordered to be paid by the Commissioner to the assessee on a reference made under sub-sections (2) or (3) of section 66 of the said Act, the Taxing Officer shall, in addition, allow the assessee any fees paid by him under the said sub-section (2) on the application for the reference.

The costs of an Advocate or Attorney appearing and acting, or of an Advocate both pleading and acting, shall be taxed as far as possible according to the scale on the Original Side. In cases where no detailed bill is filed, or in which the Taxing Officer finds such scale difficult to apply, he may allow such a lump sum in lieu of taxed costs as may appear to him to be fair and reasonable.

An Advocate both pleading and acting shall be entitled to fees for appearing as such Advocate only and not, in addition, to any fees that would have been payable to him for acting and instructing another Advocate.

Chapter I.

22. Persons entitled to appear and plead in the Court in the exercise of its Original Jurisdiction shall, in all respects, conform to the practice of, and shall be subject to, the same obligations and rules of professional etiquette whereby Advocates practising on the Original Side of the Court prior to the 1st day of July 1928, were governed, so that no such person shall be entitled to act on the Original Side of the High Court. Provided that nothing in this Chapter shall preclude an Advocate who, prior to the 15th day of November 1940, has been admitted to appear and plead on the Original Side under the provisions of rules 2 (*iii*), (*iv*), (*v*) or (*vi*), nor any Advocate who may be admitted after the 15th day of November 1940, under the provisions of the same rules as amended, from acting in any jurisdiction other than the Original Jurisdiction of the High Court and on appeal therefrom.

By order of the Full Court,

A. L. COLLET,

Registrar, Original Side.

STATEMENT OF OBJECTS AND REASONS.

The Bill has been introduced with a view to rationalise the settlement of fisheries on the basis of fair and equitable rent and stabilise the fish industry which forms a vital part of the economic structure of the province. If the Bill passes into law, it will benefit the proprietors as well as the catchers. The proprietors will receive regular and stable rents, while the catchers will be saved from illegal and unjust impositions. Besides the destruction of fish, price will be greatly minimised on account of longer settlement. In short, the abject poverty of fishermen due to various extortions and uncertainties of profession will disappear on account of fixity of rent, settlement for longer number of years and reduction of interest on arrear rents. So far as Government fisheries are concerned, the fishermen will, after the expiry of existing settlement, have the free right of fishery, and it will be economically beneficial both to the catchers and the consumers. It will also encourage co-operative efforts among the fishermen and will go a long way to improve their hard lot.

The present Bill has been drafted on the model of the Bill introduced in 1937 by Mr. Narendranath Das Gupta, M.L.A., and that of the Bill introduced in 1939 by Moulavi Abdul Latif Biswas, M.L.A., with certain additions and modifications as have been thought necessary for promoting and safeguarding the interests of *bond fide* fishermen.

STATEMENT OF OBJECTS AND REASONS.

Public religious endowments have from time immemorial been considered as sacred institutions, and their control and management have always been zealously guarded. But in British India since the advent of British rule, *Mahants*, *Shebais* or other individuals who were, for the time being, placed in charge of the public endowment properties, began exercising full individual control over them. With the lapse of time things have gone from bad to worse with our religious endowments and institutions. The results have been widespread misuse, misappropriation and mismanagement of the endowments contrary to the wishes of the creators thereof. Not unoften disputes and disturbances over the properties have occurred culminating in prolonged and ruinous litigation, and serious breaches of the peace have also been reported in some instances. As a peep into the proceedings will reveal, attempts were often made in the old Legislative Councils to bring about an all-India legislation to this effect but without any success. But things should not be allowed to go on in that way, especially when popular Government has assumed the administration of the province and progressive legislation is being enacted to get rid of some of the old legislations and irregular practices and institutions. It is, therefore, high time that vagaries, wantonness and irregularities of the unscrupulous *Mahants*, *Shebais* and priests should be checked and the administration of public charities and trusts should be regularized. In this province the value of these public trusts and charities numbering several thousands will be worth a few crores with an annual gross income of a crore, if not more.

The proposed Bill does nothing more than make an attempt to restrict and control the wilful mishandling of the Hindu public endowments. It interferes in no way with the religious rites, ceremonies and other functions of the charitable institutions or with the faith and creed of the *Mahants*, *Shebais* and priests.

The means proposed in this Bill to secure this end is the establishment with certain defined powers of a Central Board, with Committees subordinate thereto, in the districts and subdivisions according to requirements, the entire cost of all of which to be met by levying a small contribution from the religious endowments and institutions, the scale varying as circumstances may require.

The President of the Board will always be such a person as will command respect and obedience, being a well-experienced man having great faith in Hindu religion. He will exercise such powers and perform such duties as may be delegated to him by the Central Board. The other members of the Board will be nominated or elected from the Hindu community only.

The Board shall do all things reasonable and necessary to ensure that religious institutions and endowments and its superintendence are properly maintained, controlled and administered. It shall also settle schemes for the proper administration of the religious endowments and institutions. To prevent and remedy any misuse of the power of the Board, interested persons, who may be dissatisfied with the decision of the Board, may institute a suit in a competent Civil Court for setting aside or modifying the scheme. This provision will therefore adequately safeguard their rights.

I may add that I have taken my inception of this Bill from the provisions of the Bengal Wakf Act of 1934.

It is hoped that this Bill will receive the wholehearted approval of the House as it will enable us, the Hindus, to put our religious endowments and institutions going astray on a better working basis than heretofore.

**THE BENGAL SUPPRESSION OF IMMORAL TRAFFIC
ACT, 1933, AMENDMENT BILL, 1940.**

BILL

to amend the Bengal Suppression of Immoral Traffic Act, 1933.

WHEREAS it is expedient further to amend the Bengal Suppression of Immoral Traffic Act, 1933, in the manner hereinafter appearing ; It is hereby enacted as follows :—

This Act may be called the Bengal Suppression of Immoral Traffic Amendment Act, 1940.

1. In the preamble of the Bengal Suppression of Immoral Traffic Act, 1933, hereinafter to be called the said Act in the second line after the words "Suppression of" the words "brothels and" shall be added.

2. In section 3 of the said Act regarding definition of brothel, in the fourth line after the word "prostitution", the words "for gain of any other persons" shall be omitted.

3. After section 6 of the said Act the following clause shall be inserted as section 6A :—

6A. (1) The Chief Executive Officer in case of the Calcutta Corporation or the Commissioners of any municipality in Bengal may at any time cause a notice to be served upon any person, who occupies or manages or acts or assists in the management of, or upon any woman who resides in, uses or frequents any house, room or place in the city of Calcutta or in any municipal area of Bengal in which the business of a common prostitute is carried on, requiring such person or woman after a date to be mentioned in the notice, which shall not be less than 15 days from the date of notice, not to reside in, use or frequent any street or place specified in the notice, or directing such person or woman after a date to be mentioned and fixed as aforesaid to remove himself or herself to such place whether within or without the city of Calcutta or any municipal area of Bengal within such time as the Chief Executive Officer in case of the Calcutta Corporation or the Commissioners of any municipality prescribe.

(2) If any person or woman so directed under sub-section (1) fails or refuses to remove himself or herself as directed within the time specified, the Commissioner of Police in case of the city of Calcutta or the Superintendent of Police in case of any other municipal area, shall cause such person or woman to be arrested and removed in police custody to the place prescribed.

(3) Any person on whom a notice under this section shall have been served, disobeying the requisition therein contained shall be punished with imprisonment which may extend (a) in the case of first offence to one month and (b) in the case of a second offence or subsequent offence to three months.

(4) Whoever within two years from the date of his or her removal under the provision of this section returns to any place within the city of Calcutta or within any municipal area, without permission in writing of the Chief Executive Officer in case of the city of Calcutta or without the permission in writing of Chairman of any municipality shall be punished with imprisonment for a term which may extend to two years or with a fine of Rs. 500 or with both.

STATEMENT OF OBJECTS AND REASONS.

There are no two opinion in this matter that the prostitution should be regulated in the interest of public good. As the law stands at present, the municipal bodies have got practically very little power in this respect. The proposed 6 A (1) to (4) are proposed to be added to the Act in question with a view to give necessary power to localise and regulate this necessary evil in municipal area. The section 9, Bombay Prevention of Prostitution Act of 1923, contains similar provisions with some slight modification. In the light of experience slight change in the definition of brothel is proposed.

- (m) generally to give effect to the provisions of this Act.

(2) Such bye-laws shall be made after previous publication and shall not take effect until they are approved and confirmed by the Local Government.

STATEMENT OF OBJECTS AND REASONS.

1. Delhi remained for centuries the capital seat of Muslim Emperors. Muslim Emperors, nobles, chiefs and gentry of those days built many mosques and Idgah and established Khanquahs, Dargahs and cemeteries and created numerous wakfs for their maintenance. Thus Delhi and its suburbs became centre of innumerable charitable institutions.

2. There is widespread dissatisfaction with the management of wakfs all over the province. Ever since 1810 various enactments have from time to time been passed with a view to control them, in order that they may serve the purpose for which they have been created. These enactments have however failed to achieve their purpose and there is a general cry that some means should be devised and a tribunal or agency established which would exercise a wholesome supervision over them, so that they may fulfil their purpose.

3. The object of this Bill is to ensure the proper administration of wakfs in strict accordance with Muslim Law and in consonance with the wishes of their founders.

4. The means proposed in this Bill to ensure this end is the establishment, with certain powers, of a Majlis-e-Wakf, the entire cost of which will be paid by levying a contribution from wakf estates, the scale whereof will vary as circumstances may require.

5. The President of the Majlis will always be a person well trained in legal work. He will exercise such powers and perform such duties as may be delegated by the Majlis.

6. The Majlis shall do all things reasonable and necessary to ensure that the wakfs under its superintendence are properly maintained, controlled and administered. It shall also settle schemes for the proper administration of wakfs. To prevent or remedy any misuse of the power of the Majlis, interested persons who may be dissatisfied with the decision of the Majlis, may institute a suit in a competent court for setting aside or modifying the scheme. The provision will therefore adequately safeguard their rights.

7. To make the Bill a self-contained one and to avoid duplication, some of the provisions of the Charitable and Religious Trusts Act, 1920, and of the Musalman Wakf Act, 1923, have been incorporated in this Bill and the latter Act has been repealed, and powers and duties of the Board of Revenue under the Bengal Charitable Endowments, Public Buildings and Escheats Regulations, 1810, have, in so far as wakfs dealt with by this Bill are concerned, been transferred to the Majlis.

8. Under the existing law, appeals lie to the High Court. This right of appeal is not intended to be interfered with, so that errors in the decisions of the Civil Courts can be rectified by such appeals.

9. Having considered all the materials and the pressure put upon by the public from time to time, it is considered desirable to introduce this Bill which, if passed into law, will meet the wishes of the public.

(2) Copy of memorandum No. 3662J.G., dated the 27th September 1940, from the Sub-divisional Officer of Serampore to the District Magistrate of Hooghly.

No. 458L.S.-G.—8th April 1941.—Defects in the administration of the Kotalpur-Mondalika union board in police-station Jangipara, district Hooghly, have engaged the attention of the District Magistrate of Hooghly for some time. It has been brought to my notice that (1) collection of this union board is far from satisfactory, (2) there has been no meeting of the board since 12th August 1940, (3) very little has been done to improve the local condition under section 37(b) of the Village Self-Government Act, (4) the pay of the chaukidars and other statutory dues of the union board are badly in arrears. In view of these irregularities the District Magistrate of Hooghly recommends and the Chairman of the Hooghly district board agrees with him that the supersession of this union board is essential.

2. After careful consideration, I have come to the conclusion that the Kotalpur-Mondalika union board has persistently made default in the performance of its duties and has proved itself incompetent to conduct the administration of the board. It has been treated for some time past with great patience but has deliberately neglected its duties. I am therefore reluctantly forced to decide that temporary supersession is necessary in the interest of the ratepayers.

3. In the circumstances, I declare by this order issued under section 56(I)(b) of the Village Self-Government Act of 1919, as amended by section 4 of Bengal Act IX of 1932, that the Kotalpur-Mondalika union board is incompetent to perform and persistently makes default in the performance of the duties imposed upon it, and I direct that it be superseded for a period of six months with effect from the date of publication of this order in the *Calcutta Gazette*.

4. In exercise of the powers conferred by section 57(I)(b) of the Village Self-Government Act, I direct that all the powers and duties of the union board shall, during the period of supersession, be exercised and performed by Mr. Hafez Moula Bux, the present President of the union board, and that all properties vested in the union board shall, during that period, be vested in him according to section 57(I)(c) *ibid*, and he shall be responsible for their safe custody during the period of supersession.

(2) After sub-section (5) the following new sub-section shall be added, namely :—

11. In section 174A of this Act the sub-sections (1) and (2) shall be omitted and the following new sub-section shall be inserted, namely :—

“(1) Where no application is made under sub-section (1) of section 174 within one year from the date of sale or where such application is made but not a single instalment has been paid the court or the certificate officer, as the case may be, shall make an order confirming the sale and thereupon the sale shall become absolute.

(2) Where an application is made under section 173A or under sub-section (1) of section 174 any instalment or instalments have been paid into the court or to the certificate officer within twelve years the court or the certificate officer shall make an order setting aside the sale to the extent of the instalment or instalments so paid :

Provided that if the applicant fails to pay six consecutive instalments he shall be debarred from paying any further instalment unless the court or the certificate officer permits him by an order in writing to make any further deposit of instalments, but the sale shall be set aside to the extent of the instalment or instalments paid before or after such default :

Provided further that the court or the certificate officer shall not direct to make any payment of instalment which may fall due after the expiry of twelve years from the date on which the first instalment falls due.”

STATEMENT OF OBJECTS AND REASONS.

Preliminary.—The opinion that real benefit can only be bestowed upon the tillers of the soil of Bengal by extending their rights not only in the political field but in the economic sphere as well is gradually gaining ground. There is no denying of it that chronic economic incapacity of the cultivators is responsible for the fact that the lands are rapidly passing away from their hands and that the cultivators are gradually turning into so many landless agricultural labourers. It has become obvious that the last general amendment of the Bengal Tenancy Act of 1885 made in 1937 has failed to solve the major economic problems of the tenants and there has been a persistent demand for further amendment of the Act for the extension of the rights of the cultivators and for the removal of disabilities from which still they have been suffering. It is with these objects in view that amendments to certain sections of the Bengal Tenancy Act, 1885, and certain additions of sections to the Act have been proposed in this Bill.

Clauses 2 and 3.—The difference between the amount of revenue paid by the zemindars and the amount of rent paid by the tenants is becoming day by day inequitable and oppressive. The existing rate of rent cannot but be considered excessively disproportionate when compared with the revenue paid by the zemindars. This is one of the causes of the crushing indebtedness of *raiyats*. General economic conditions of the country also demand that the enhancement of rent should be stopped and the rent of the tenant should be reduced to the level of their economic capacity. Hence, it has been proposed in the Bill to repeal sections 27 to 37 to stop enhancement of rent of occupancy holding and to insert new section 37A to reduce the rent of occupancy tenants by proposing a more equitable method.

Clause 4.—Section 67 to be amended to reduce the excessive rate of interest.

Clause 5.—Section 68 to be amended to relieve the tenants from further economic pressure of damage as the interest proposed in section 67 is considered sufficient.

Clause 6.—Section 88 to be amended to simplify the present complicated procedure and to make a division of tenure or holding or distribution of rent payable in respect thereof an easy one and to abolish heavy mutation fee.

Clause 7. New section 88A to be added to make it obligatory upon landlords where their number is ten or exceeds ten to appoint a common agent.

Clause 8. That tenants are in arrears is solely due to their inability to pay the rent accentuated by heavy fall in the price of agricultural products in recent years. Hence, new section 163A to be inserted after section 163 to extend the benefit of section 37A to the tenants in respect of whose occupancy holding an execution proceeding is pending before a court at the commencement of this Act. This section is of temporary nature.

New section 163B to be inserted after section 163A for sale of a portion or portions of the tenure or holding sufficient to meet the amount under decree and to save the tenants from being deprived of the entire tenure or holding whose market price is always more than the amount decreed together with costs of suit and those of execution proceeding. Besides the tenants should not be deprived of their homestead land; hence, provision to this effect has been made in section 163B.

Clause 9.—New sections 173A and 173B to be inserted after section 173 to extend the benefit of sections 174 and 174A to the tenants whose tenure or holding has been sold, confirmed and possession delivered between the first day of January, 1930, and the date of commencement of this Act. These sections are of temporary nature.

Clauses 10 and 11.—Sections 174 and 174A to be amended to give more facilities to judgment-debtor to set aside sale and save his tenancy thereby.

2. For the purposes of this Act, the following words have the meanings set against them, unless anything repugnant to those meanings is contained in the provisions of the Act :—

(a) The word "Bengalee" means and includes any person who is a native of Bengal or has adopted Bengal as his or her motherland.

(b) The word "dowry" means and includes any money or anything that may be converted into money, which is paid or made payable in cash or otherwise at one time or by instalments as a part of the consideration for marriage between a Bengalee Hindu male and a Bengalee Hindu female.

Restriction of
the amount of
dowry.

3. No person shall at any time offer or accept any dowry whose money-value exceeds the sum of rupees fifty-one.

Explanation.—The sum of rupees fifty-one as referred to in this section shall not include the value of ornaments or any other thing in kind given by the bride's parents or guardian to the bride as a gift of free will.

Punishment.

4. Any person acting or abetting action in contravention of the provisions of section 3 shall be punishable with imprisonment not exceeding two years and fine not exceeding one thousand rupees.

Refund of excess
dowry.

5. Any person convicted under section 4 for accepting any dowry given in excess of the sum of rupees fifty-one shall be liable to refund the excess amount to the person from whom it shall have been received, with interest at the rate of ten per cent. per annum.

Court of trial.

6. All offences under this Act shall be triable by a Magistrate of the First Class who may take cognisance of the offence either out of his own motion or upon the complaint of an aggrieved person or any other Bengalee Hindu who resides at the place where any of the two contracting parties of the marriage resides.

STATEMENT OF OBJECTS AND REASONS.

It is common knowledge that the marriage *dowry* system prevailing amongst the Bengalee Hindus has been a long standing curse to the Hindu Society of Bengal and has been responsible for the self-immolation of many girls and the financial ruination of innumerable Hindu families of Bengal.

As it is the considered opinion of almost every Hindu family of Bengal that this vice should be eradicated without unreasonable delay and as it has been found impossible to eradicate this vice without state-help, this Bill has been brought.

Amendment of
section 56.

19. In section 56, sub-section (1), clause (b), the following proviso shall be added, namely :—

“ provided that the period shall never exceed one year.”

STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to do away with nomination in local bodies and also to extend the franchise to include all adult persons within the area under the control of a local body.

The reasons for such amendment are obvious. One of the purposes of local self-government is to associate the people in the administration of their own affairs and thus train them in methods of Government. Nomination cuts across the principle of representation, and the system as it now obtains leads to the anomalous position in which a person in spite of the opposition of the majority of elected members in the local body may be, and often is, elected Chairman of the district board or President of union board, with the help of the nominated members. This encourages ambitious and designing persons to court the favour of local officials in order to secure their position, instead of attempting to win the confidence of their electorate through useful and hard work.

With regard to the extension of franchise, it is generally admitted that the representation should be as wide as possible. Another innovation is the enfranchisement of women. Female franchise has been given in municipalities and in the matter of election to the legislatures and it is anomalous therefore that they should remain unfranchised in the matter of local board elections. In these days of emancipation of women when the womenfolk of the country are taking part in higher spheres of political activities, it is meet and proper that women should also have their say in the administration of local bodies.

The repeal of section 36A intends to do away with the provision for abolition of local boards. Local boards in bigger districts serve their useful purposes and in the outlying subdivisions give facilities to local men of influence in participating in the administration of small public bodies. Provisions for abolition of local boards may give a handle to some district board members to throttle the aspiration of many influential men in outlying areas. Besides, the district board will find it difficult to maintain an uniformity in the administration of a wider area when work will be multiplied by having to take over the work hitherto done by local boards.

Secy. to the Bengal Legis. Assembly.

**THE BENGAL NON-AGRICULTURAL TENANCY BILL,
1939.**

**A
BILL**

for the protection of tenants holding lands in permanently-settled estates for non-agricultural purposes.

WHEREAS it is necessary to compel the proprietors and other classes of landlords in permanently-settled areas to conduct themselves with moderation towards their non-agricultural tenants;

It is hereby enacted as follows :—

Short title,
extent and
commencement

1. (1) This Act may be called the Bengal Non-Agricultural Tenancy Act, 1940.

(2) It shall apply to the permanently-settled areas of the whole of Bengal.

(3) It shall come into force with effect from the 1st April, 1940.

Definition.

2. "Non-agricultural tenant" means any person holding land as tenant for non-agricultural purposes whether for homestead, shop, godown or factory or for any purposes except for agriculture and horticulture immediately or mediately under a proprietor.

3. Notwithstanding any contract between parties or anything in the Transfer of Property Act, 1882, non-agricultural tenant shall not be liable to ejectment except for using the land in such a manner as to lower its value substantially :

IV of
1882.

Provided that a non-agricultural tenant not liable to ejectment according to the terms of contract between parties or in accordance with the provisions of any law for the time being in force, shall not be liable to ejectment by virtue of this section :

Provided further that except as provided by paragraph 1 of this section, no suit for ejectment shall lie for any land purchased or otherwise transferred before the commencement of this Act.

4. Notwithstanding any contract between the parties or any law for the time being in force or any custom to the contrary the non-agricultural tenant shall have the right to erect any pucca structures and to plant and cut down trees in his tenancy.

5. Notwithstanding anything in a contract or any custom to the contrary the rent of a non-agricultural tenant's holding shall not be liable to enhancement except under the provisions of this Act.

6. The rent of a non-agricultural tenant's holding unless definitely settled as *mokarari* or fixed in perpetuity, shall be liable to enhancement or reduction according to the following principles :—

(a) The maximum amount of rent of a non-agricultural tenant's holding after enhancement shall not exceed, by more than 50 per cent. the average prevailing rate of rent payable for the agricultural land comprised in the estate or *mouja* in which the non-agricultural tenancy is situate.

The Bengal Non-Agricultural Tenancy Bill, 1939.

(Clauses 7, 8.)

(b) When the existing rent is found to be more or less than the amount provided in sub-section (a) of this section it shall be reduced or enhanced, as the case may be, to an amount as provided by that sub-section.

(c) If the rent is once enhanced or reduced it shall not be revised again except in the case of increase or reduction in the area of the tenancy.

7. Where not transferable at present either under the contract or according to law, non-agricultural tenant's holding shall be transferable without landlord's consent.

8. Notwithstanding any contract to the contrary between the parties, in the case of a compulsory acquisition of the land of a non-agricultural tenant's holding under the Land Acquisition Act, the compensation money shall be apportioned to such tenant under the ordinary law for apportioning the compensation as if the contract did not exist.

STATEMENT OF OBJECTS AND REASONS.

Bengal Tenancy Laws were enacted from time to time for protecting the agricultural *raiyats* but unfortunately nothing has so far been done to give any protection to the non-agricultural tenants who also owing to their very helpless condition require as much protection as the agricultural *raiyats*. In the absence of any law, landlords of non-agricultural areas in permanently-settled estates, treat them as tenants-at-will and mercilessly squeeze out money from such tenants and the purchasers. The present Bill has been brought to give such tenants protection from eviction and arbitrary enhancement of rent. Provision has also been made for free transferability of such tenancies in all cases and for equitable rate of rent.

Expressions of opinion by public bodies or by individuals interested in the said Bill, which is republished together with the Statement of Objects and Reasons in this Gazette, should be sent so as to reach the undersigned before that date.

K. ALI AFZAL,

Secy. to the Bengal Legis. Assembly.

**THE BENGAL PREVENTION OF BROTHELS IN FAIRS
BILL, 1940.**

**A
BILL**

for the prevention of brothels in fairs (melas).

WHEREAS it is expedient to prevent brothels in fairs or *melas* ; it is hereby enacted as follows :—

1. (1) This Act may be called the Bengal Prevention of Brothels in Fairs (*Melas*) Act, 1940.

(2) It extends to the whole of Bengal Presidency except the Calcutta Corporation.

(3) It shall come into force on such date or dates as the Local Government may, by notification, direct.

2. In this Act, unless there is anything repugnant to the subject or context,—

(i) "Fair" means a place of congregation, during any part of the year, within a specified area, of buyers, sellers, pilgrims, sight-seers and others for trade or business or amusement.

(ii) "Owner" means any person who has proprietary right to and is in *khas* possession of the fair (*mela* place) and the person under whose direction the fair (*mela*) sits, and includes *izaradars*, *thikadars*, and persons who have direct or indirect control over the *mela*, either wholly or in part.

3. No owner or any such person, mentioned in section 2, shall let, lease or otherwise dispose of, any portion of the *mela* land or any land within a radius of half a mile of the said land, to any person for brothels or for carrying on prostitution during the period of the fair (*mela*).

4. When any Magistrate in whose jurisdiction the fair (*mela*) sits receives information either written or oral that any house or hut is being used as a brothel or a place for the purpose of prostitution in the land described in section 3, he shall by written order summon the owner or such other person, mentioned in section 2, to appear before him and direct such owner or such other person to discontinue such use of the land immediately.

5. If the owner or such other person, mentioned in section 2, does not appear in person or by agent on the day fixed for his appearance, the Magistrate may pass an order *ex-parte* under the foregoing section.

6. If after such order is passed, the house or hut is used in any of the ways described in section 3, the person against whom the order has been passed shall be punishable with fine that may extend to fifty rupees for every day during which the house is so used.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to safeguard the morals of the population of rural Bengal and as a protective measure against the communicating of venereal diseases to the ignorant population of rural Bengal by public prostitutes who almost openly carry on their trade in fairs (*melas*), which are held in rural areas of Bengal, and thereby infect their visitors.

It is hereby enacted as follows :—

2. After section 18 of the Bengal Wakf Act, 1934, the following proviso shall be added :—

“provided that it shall not exceed Rs. 1,000 per mensem.”

3. After section 23 of the Bengal Wakf Act, 1934, the following proviso shall be added :—

- (a) Whether Panjaganah or Jumah.
- (b) Average attendance at Panjaganah and Jumah.
- (c) Approximate area or number of houses or adult inhabitants served.
- (d) Whether any muktab, madrasah or library attached to it or not.

6. Sub-section (1) with the proviso thereof of section 59 of the Bengal Wakf Act, 1934, shall be repealed and the following shall be substituted in the place thereof :—

“For covering the expenditure of the headquarters 10 per cent. of the obligatory alms (Sadaqa-i-Wajibah) locally collected shall be remitted to the Board of Wakfs.”

7. After sub-section (5) of section 59 of the Bengal Wakf Act, 1934, the following sub-section shall be added :—

“(6) The Board of Wakfs shall collect and distribute locally through the agency of the local Mosque Committees, the Zakats, Fitras, and the hides of Kurbanis or the prices thereof strictly in accordance with the Shariat Law : Provided that under exceptional circumstances it might be sent outside the area of collection.”

8. In place of “Wakf Fund” in sub-section (1) of section 61 and all the succeeding sections of the Bengal Wakf Act, 1934, Baitulmal Fund shall be substituted.

9. After sub-section (2) of section 62 of the Bengal Wakf Act, 1934, the following shall be added :—

“And for the economic, educational and religious uplift of the Muslim Community.”

STATEMENT OF OBJECTS AND REASONS.

Doubts have been raised by some ulama regarding the legality and validity according to the strict Shariat Law, of taxing the Wakf Estates against the intention and interest of the original founders (Wakifs) under the Bengal Wakf Act, 1934, but at the same time for the proper management of the Wakf Estates some sort of supervision and control over the Mutwallis is necessary on account of their mismanagement and misappropriation in some cases and funds are required for that purpose. These funds may be obtained from some portions of the obligatory alms (Sadaqat-i-Wajibah) which are at present much misused and as the Provincial Legislature is not competent to tax the money income of the Mutwalli's share of the Wakf Estates, the Federal Government should be approached to delegate to the Provincial Legislature the authority to tax 10 per cent. of this net income of the Mutwallis out of their shares of the Wakf Estates ; and pending that the Local Government should make up the deficiency, if any.

Furthermore, as Wakfs, Mosques, Zakats, Fitras, the prices of the hides of Kurbani and all other obligatory alms (Sadaqa-i-Wajibah) are akin matters appertaining to Muslim Community alone and are governed by the Shariat Law, so all these should be administered under the same Act and by the same department with minimum cost and maximum efficiency.

Therefore, in order to make the Bengal Wakf Act, 1934, all comprehensive it is proposed to amend it by additions and modifications.

THE BENGAL TENANCY (AMENDMENT) BILL, 1940.**A
BILL**

further to amend the Bengal Tenancy Act, 1885.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885 (Act VIII of 1885), it is enacted as follows :—

(2) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

STATEMENT OF OBJECTS AND REASONS.

Some of the existing provisions of the Bengal Tenancy Act, 1885, have been found to operate rather harshly on the *raiyats*. The object of the Bill is to safeguard the interest of the *raiyats* in their homestead lands whether they stand in the municipal areas or outside or whether they are parts of their agricultural tenancies or not. This Bill will give the *raiyats* absolute right in trees.

19. In section 53 (2) omit the last portion of the section beginning with the word "or" and ending with the word "section".

STATEMENT OF OBJECTS AND REASONS.

Some of the existing provisions of the Bengal Village Self-Government Act have been found to check the members of the Union Boards so harshly that it is impossible for them to work for the benefit of the unions and the principle of election has been found not up to the mark of democracy. The object of the Bill is to give the Union Boards free hands in managing their own affairs and to give them more funds for want of which no good work can be taken up by the Union Boards without taxing the poor and over-taxed inhabitants of rural Bengal. And the principle of "Adult suffrage" is introduced in the Bill.

**A
BILL**

to provide for the restoration of certain lands to the former tenants.

WHEREAS it is expedient to provide, in the manner hereinafter appearing, for the restoration to the former tenants of certain lands which were sold for arrears of rent between the 1st day of January, 1930, and the 31st day of December, 1938, on account of the inability of the tenantry to pay such arrears by reason of the unprecedented fall in prices between the said dates ;

(c) that the landlord has excavated any tank, he shall—

(i) if such tank covers the entire holding or portion sold, dismiss the application ;

(ii) if such tank covers only a part of such holding or portion, reject the application in so far as it relates to the site of such tank and the lands immediately appurtenant thereto and necessary for its enjoyment, and order that the application shall proceed with respect to the remaining part of the holding or portion sold ;

(d) that such third person is in possession on his own behalf or on behalf of some person other than the landlord under a settlement mentioned in clause (d) of sub-section (1)—

(i) of the entire holding or portion sold, he shall dismiss the application ;

(ii) of a part of such holding or portion, he shall reject the application in so far as it relates to such part and order that the application shall proceed with respect to the remaining part of the holding or portion ;

(a) determine the land which is liable to be restored to the *raiyat* under the provisions of this Act ;

(b) determine the amount which shall be payable by the *raiyat* for the restoration to him of such land ; provided that such amount shall—

(i) in the case of an entire holding or, if only a portion of a holding was sold, in the case of the whole of such portion, be a sum equal to the entire amount, if any, which the *raiyat* or any person having a claim against the *raiyat* may have withdrawn, out of the proceeds of the sale of such holding or portion, and fifty *per centum* of the aggregate of the amount mentioned in the sale proclamation for the realisation of which the holding or portion was sold and of the amount of costs necessarily incurred by the landlord in connection with his application for delivery of possession ; and

(Clauses 9, 10.)

- (ii) in the case of portion of a holding, if the entire holding was sold, or a part of a portion, if only a portion of the holding was sold, be such part of the sum mentioned in sub-clause (1) as the Collector may deem fair and equitable after considering all the circumstances of the case including the value of the entire land sold and of the portion to be restored ;
- (c) ascertain whether the *raiyat* desires to deposit the amount mentioned in clause (b) in one lump sum or in instalments ;
- (d) if the *raiyat* desires to deposit or pay the said amount in instalments, determine, having regard to the means and circumstances of the *raiyat*, the number and amount of such instalments which shall not in any event extend over a period exceeding five years ; and

 - (i) if the amount determined under clause (b) is payable in one lump sum, after the *raiyat* has deposited with the Collector such lump sum ; and

 - (b) in the case mentioned in sub-clause (ii) of clause (e) of the said sub-section, as soon as possible after the *raiyat* has deposited with the Collector the amount referred to in the said sub-clause.

(3) If the *raiyat* is unable to pay the sum as determined under clause (b) of sub-section (1) of this section, the Collector on application made to him by the *raiyat* to this effect shall set apart for the landlord such portion of the land sold as is sufficient to cover the said sum and shall order restoration and delivery of possession of the remaining land to him.

Payment of
sums to land-
lords.

9. (1) When the Collector makes an order that any sum payable by a *raiyat* to a landlord under any of the provisions of this Act, may be paid by instalments, such instalments may at the option of the *raiyat* be deposited with the Collector or sent by money order to the landlord.

(Clauses 11—13.)

(b) determine the rent which shall be payable by the *raiyat* for such portion of the holding, and the *raiyat* shall be liable to pay the same to the landlord.

Application of
dispossession to
the Collector.

11. (1) Where a person claiming to be in possession of a holding or portion of a holding as mentioned in clause (d) of sub-section (1) of section 6 is dispossessed as a result of any delivery of possession made under sub-section (2) of section 8, he may, within two weeks from the date on which he is dispossessed, make an application to the Collector complaining of such dispossession.

(2) Upon the receipt of an application made under sub-section (1) the Collector shall fix a date for investigating the matter and shall summon the party against whom the application is made to appear and answer the same.

(3) If the Collector, after making such inquiry as he thinks fit, is satisfied that the applicant was in possession of the holding or portion as mentioned in clause (d) of sub-section (1) of section 6, and had no notice of the proceeding in which the order for delivery of possession was passed, he shall direct that the applicant be put in possession of the said holding or portion.

Rights of
*raiya*s on
restoration.

12. Notwithstanding anything to the contrary contained in any other law or in anything having the force of law or in any custom, when any land is restored to a *raiyat* under the provisions of this Act—

(a) any simple mortgage or charge created by the landlord in respect of such land or any portion thereof shall not be binding on the *raiyat*; and

(b) all such rights as the *raiyat* had in respect of the said land and the incidents thereof before its sale shall revive.

Ejectment of
*raiya*s for
failure to pay
instalments.

13. (1) If a *raiyat*, who has been restored to the possession of his holding or portion of his holding in pursuance of an order under sub-clause (ii) of clause (c) of sub-section (1) of section 8, fails to deposit with the Collector or send to the landlord by money order during a period of two consecutive years, the instalments fixed under clause (d) of sub-section (1) of section 8, the landlord may make an application to the Collector for the restoration to him of the said holding or portion.

(2) On the receipt of an application under sub-section (1), the Collector shall fix a date for the hearing of the application which, in the case referred to in the proviso to sub-section (3), shall not be less than six weeks from the date of the notice, and shall give notice, to the *raiyat* of the date so fixed and send along with such notice a copy of the application.

(3) On the date fixed for the hearing of the application, the Collector shall hear the parties and shall make such enquiry as he thinks fit and shall, if he is satisfied that the *raiyat* has failed to deposit with the Collector or send to the landlord by money order such instalments during a period of two consecutive years, pass an order directing that the *raiyat* shall be ejected from the land and that the landlord shall be put in possession thereof, or shall, if he is satisfied that the *raiyat* has not failed to deposit the instalments or send them by money order, dismiss the application:

Provided that if the instalments in arrears relate to the last two years of the period during which the instalments fixed by the Collector under clause (d) of sub-section (1) of section 8 were payable, the *raiya*s shall not be ejected from the land if he deposits with the Collector the total

(5) Notwithstanding anything to the contrary contained in any other law where a landlord is put in possession of any land under sub-section (4), any encumbrance created on such land or any portion thereof by the *raiyat* shall not be binding on such landlord.

(6) Notwithstanding anything to the contrary contained in any other law, when a *raiyat* has been ejected from any holding or portion of a holding under this section, he shall not be entitled to make an application to the Collector or institute any suit in any court for a refund of any sum deposited by him with the Collector as an amount payable to the landlord under any of the provisions of this Act or any sum sent by such *raiyat* to the landlord under sub-section (1) of section 9.

**Distrainment for
arrears of rent.**

14. (1) If the rent of a holding or portion of a holding restored to a *raiyat* in pursuance of an order under sub-clause (ii) of clause (c) of sub-section (1) or sub-section (3) of section 8 falls into arrear while any of the instalments payable by the *raiyat* under clause (d) of the said sub-section (1) remains unpaid, the landlord may, in addition to any remedy provided by law for the recovery of such arrears, apply to the Collector for the recovery of such arrears by distraining while in the possession of the cultivator—

(a) any crops or other products of the earth standing or ungathered on the holding ;

certain powers
under Code of
Civil Procedure,

17. (1) The Collector, when acting under any of the provisions of this Act, shall have the same powers as are vested in a court under the Code of Civil Procedure, 1908, in respect of enforcing the attendance of any person or examining him on oath or affirmation and compelling the production of documents.

Lands Bill, 1940.*

(Clause 18.)

(2) The Collector may delegate all or any of his powers under this Act to such person as he thinks fit and such person shall thereupon be deemed to be a Collector for the purposes of this Act.

Power to make
rules.

18. (1) The Provincial Government may make rules for the purpose of carrying out the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, the Provincial Government may make rules to prescribe—

- (a) the form of any application under this Act and the particulars to be contained in such application ; and
- (b) the form of any notice required to be served under this Act and the manner in which such notice shall be served.

STATEMENT OF OBJECTS AND REASONS.

It is known to all that on account of the inability of the tenantry to pay the arrears of rent by reason of the unprecedented fall in agricultural prices numerous *raiyati*-holdings in this Province were sold in auction between the 1st day of January, 1930, and the 31st day of December, 1938, and were purchased and taken to *khas* possession by the landlords. Moreover, many landlords took advantage of the delay in the establishment of Debt Settlement Boards and caused many holdings to be sold for arrears of rent before the establishment of the aforesaid Boards. This has brought untold misery among the cultivators of this vast agricultural Province where they are living from generation to generation. As a general cry has already been raised amongst the agriculturists for the restoration of these auction purchased lands to the former tenants, these auction purchased lands should be restored to the former tenants for the interest of public order and tranquillity in the country as has been done in Bihar. The Bill has been drafted almost on the lines of the Bihar Act which was passed in 1938. The principal feature of this Bill is that it has made provision for such restoration on condition of repayment by the *raiyats* of a considerable portion of landlords' decretal demands on instalments spread over a period of five years. Other provisions are more or less consequential.

THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1940.

A

BILL

to amend the Bengal Village Self-Government Act, 1919.

WHEREAS it is expedient to amend the Bengal Village Self-Government Act for the purpose of investing the union boards with the power of undertaking small drainage projects for improvement of agriculture within the union ;

It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Bengal Village Self-Government (Amendment) Act, 1940.

(2) It shall come into force on such date as the Provincial Government may by notification in the official Gazette appoint.

Amendment of section 31 of Bengal Act V of 1919.

2. In clause (g) of section 31 of the Bengal Village Self-Government Act, 1919, after the word "irrigation" the words "and small drainage projects for agricultural improvement" shall be added.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Village Self-Government Act, 1919, has made no provision for agricultural improvement. As Bengal is chiefly an agricultural country, union boards should be empowered to excavate or repair small drainage canals for the improvement of agriculture. It is with this intention that the Bill has been brought by the mover.

THE BENGAL MEDICAL (AMENDMENT) BILL, 1940.

A BILL

further to amend the Bengal Medical Act VI, 1914.

WHEREAS it is expedient further to amend the Bengal Medical Act VI, 1914, in the manner hereinafter appearing :—

AND WHEREAS the previous sanction of the Governor under sub-section (1) of section 119 of the Government of India Act, 1935, has been obtained to the passing of this Act ;

It is hereby enacted as follows :—

Preliminary.

Short title,
extent and
commencement.

1. (a) This Act may be called the Bengal Medical (Amendment) Act, 1940.

(b) It shall extend to the whole of Bengal subject to the provision of section 92 of the Government of India Act, 1935.

(c) It shall come into force on the day on which it is published in the *Calcutta Gazette* after having received the assent of the Governor.

Amendment of
section 17.

2. (i) In section 17 of the Bengal Medical Act, 1914 (hereinafter referred to as the said Act), the following shall be inserted as the first proviso, namely :—

“Provided that the Local Government may, after consulting the Medical Council, permit the registration of—

(a) any person who has undergone a full course of training in any Medical College or School and has obtained a certificate to that effect from the head of such approved College or School and who was practising as a medical practitioner on the date when the Act came into force ; and

(b) any person who has obtained proper training in any medical institution and will join the medical profession within a year from the date of enforcement of this Amendment Act of 1940, provided that he passes the final L.M.F. Examination of the State Medical Faculty by appearing in one subject at a time.

(ii) In the existing proviso to section 17 of the said Act the word “also” shall be inserted between the word “provided” and the words “that the Council may.”

Amendment of
section 25.

3. In the section 25 of the said Act the following shall be inserted as a clause (iii) after clause (ii) and before the words “be removed” :—

(iii) who is associated with any non-recognised medical institution.

STATEMENT OF OBJECTS AND REASONS.

After having obtained proper training in the non-recognised medical institutions of Bengal, medical practitioners of Bombay, the United Provinces, the Punjab and Burma, etc., have been given the privilege of registration long ago, either by amendment of the Acts of the respective provinces or by Government notification. In Bengal nothing in this direction has been done up to date. These practitioners of Bengal have therefore formed themselves into a corporate body under the name and style of the "Indian Medical Union" and have been making representations which should not be altogether ignored. The union has been publishing an English medical monthly, viz., Indian Medical Review as its organ. Useful original articles and reports of cases have been contributed by this group of medical practitioners. The redress sought for may be given by a simple amendment of the Bengal Medical Act, and it is the object of the present Bill to make this amendment.

Many of them have been thrown out of employment from hospitals, tea gardens, ships, steamers, etc. They are debarred from granting certificates of illness, and handicapped in many other ways. These difficulties increased when the Poisons Act (Act XII of 1919) came into force and prohibited them from procuring for their patients the requisite drugs included in the schedule of poisons. The Government made a transitory provision by approving the diploma or certificate of some medical institutions and arranged for an examination of these doctors by the State Medical Faculty. This provision was in force only for two years from the passing of the Bengal Medical Act, 1914. The time was too short for the majority who were practising abroad or were in the remotest villages of the province to avail themselves of the concession, and moreover a good many did not even get the necessary information within the period. As soon as the transitory period ceased, they asked for extension of the period by a resolution in the Legislative Council in which it was rejected at the opposition of the Government. Such people are now on the brink of starvation. Many of them have outgrown the age at which a change of avocation is possible, and, for obvious reason, a fresh examination also is out of question. The proposed proviso (a) of the Bill is intended to meet the cause of these people.

The Medical Act (Act VI) of 1914, while restraining the registration of medical practitioners did not restrict the continuation of non-recognised medical institutions. The case of those who have obtained proper training in non-recognised medical institutions since 1914 stands on a similar footing. Several unregistered doctors, who had received their training in such institutions, are now serving in tea gardens, coal mines, etc.; and they have been highly spoken of by their superior medical officers, Indian and European. Some of these non-recognised institutions have since been recognised; but the students who completed their course of education therein and began to practise before such recognition, have been left in the lurch. We therefore, find good doctors trained at the same institutions, one set of whom—the older and more experienced set—are unqualified for want of registration, while another set are qualified by registration. Under these circumstances it is but fair and equitable that such students should be given at least one chance of being qualified. There are many non-recognised medical institutions still producing medical practitioners who should be allowed to appear at the Final Licentiate Examination. Hence, the necessity for proviso (b). By the insertion of clause (iii) in the section 2, all the existing non-recognised medical institutions will seek for recognition and thus will prevent further production of the unregistered doctors.

NOTIFICATION.

No. 1500L.A.—15th April, 1941.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure

Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 4th April, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

K. ALI AFZAL,

Secy. to the Bengal Legis. Assembly.

THE BENGAL SHOPS AND ESTABLISHMENTS (AMENDMENT) BILL, 1941.

BILL

to provide for the extension of the benefits under the Bengal Shops and Establishments Act, 1940 to employees of shops dealing with spare parts for motor vehicles by amendment of clause (n) of sub-section (1) of section 5 of the said Act.

WHEREAS it is expedient to extend the benefits of the Bengal Shops and Establishments Act, 1940, to employees of shops dealing with spare parts for motor vehicles :

It is hereby enacted as follows :—

Short title,
extent and
commencement.

1. (1) This Act may be called the Bengal Shops and Establishments (Amendment) Act, 1941.

(2) It extends to the whole of Bengal.

(3) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of
clause (n) of
sub-section (1) of
section 5 of
Bengal Act XVI
of 1940.

2. In clause (n) of sub-section (1) of section 5 of the Bengal Shops and Establishments Act, 1940 the words "or spare parts for motor vehicles" shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

A large number of employees are deprived of the benefits of this Act as a result of lumping together without any plausible reason "spare parts for motor vehicles" in the same clause with "shops dealing in petroleum products." This Bill seeks to remedy this defect and extend the weekly holiday, etc., to employees of shops dealing in spare parts for motor vehicles. Such shops can remain closed for one and a half days in the week without any inconvenience to the public.

REPORT.

The petitioner, Rai Bahadur Surendra Narayan Sinha, was an unsuccessful candidate at the election held on the 2nd March, 1940, held in the Bengal Legislative Assembly Building. There were in all 45 candidates, and the election was held in respect of 9 seats in the Bengal Legislative Council which were to be filled by persons elected by the members of the Bengal Legislative Assembly. Under the provisions of sub-paragraph (c) of paragraph 14 of the Fifth Schedule of the Government of India Act, 1935, 27 seats in the Bengal Legislative Council are to be filled by persons elected by the members of the Bengal Legislative Assembly in accordance with the system of proportional representation by means of the single transferable vote. Under the provisions of sub-section (3) of section 61 of the Government of India Act, 1935, one-third of the members of the Council are to

retire in every third year. In paragraph 18 of the Fifth Schedule of the Act it is enacted that the term of office of a member of the Legislative Council shall be nine years, but that provision has to be made upon the first constitution of the Council by the Governor in his discretion by curtailing the office of some of the members then chosen, for securing that as nearly as may be one-third of the members of each class shall retire in every third year thereafter. Such provision was made by notification No. 10145A.R., dated the 2nd December, 1936 (Bengal Legislative Manual, Volume II, page 250), and the results of that provision were published in notification No. 674R.D., dated the 25th May, 1937 (*ibid.*, page 254). Accordingly, the petitioner, who was elected a member on the first constitution of the Council in 1937, retired along with eight others, and the election now in question was held to fill those nine seats thus rendered vacant. The law applicable to the election is mainly to be found in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936. These rules will be referred to hereinafter as the Conduct of Election Rules.

The petitioner was himself a duly nominated candidate, and he has made the remaining 44 nominated candidates respondents in his petition, as he is required to do under rule 28 of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, since he has claimed a declaration that he himself has been duly elected. The above rules will be referred to hereinafter as the Election Petitions Rules. The first nine respondents are the candidates who were declared duly elected; eight of these obtained the quota of 25 votes which was found to be necessary on the calculation made under the appropriate rules. The contest finally lay, during the counting, between the petitioner and respondent No. 1, Babu Amulyadhane Roy, the latter eventually obtaining 15 votes, while the petitioner received 14 votes, and 17 votes were found to be non-transferable. The total electorate consists of the 250 members of the Legislative Assembly. It may be noted here that as three of these were absent from the election, 247 votes were cast. One paper was rejected and the 246 valid papers were thus distributed finally in the count in batches of 25 to each of eight candidates, plus 15 to Babu Amulyadhane Roy, 14 to the petitioner, and 17 remained untransferred.

The petitioner states in his petition as finally amended that in the Assembly there are several parties, the Coalition Party being the party in power, the others being the European Group, the Congress Party, the Krishak Proja Party, and the Independent Scheduled Caste Party. He alleges that the Coalition Party and the European Group pooled their voting strength together and selected six candidates, namely, Sir B. P. Singh Roy, Sir Thomas Lamb, Mr. Abul Quasem, Khan Bahadur Saiyed Muazzamuddin Hossain, Mr. Hamidul Haq Chowdhury and Mr. Habibur Rahman. In accordance with this a mandate was published in the press on the morning of the election over the name of the Chief Minister notifying members to record their preferences in accordance with this list and in the order named. He further alleges that at a meeting on the 1st March, when the Coalition Party finally decided on the aforesaid list of names, it was also decided that lest some of the members of the party might be inclined to record their preferences differently from the order laid down, the Ministers, whips, and trusted members of the party would look into and supervise the ballot papers so that there might be no betrayal. He alleges that in pursuance of this plan the Ministers and whips actually went round amongst the members while they were recording their votes and used their influence and exercised pressure on certain members. In Annexure B he gives particulars of such exercise of influence in paragraphs 1(a) and 1(b), and in a further Annexure C he defines with reference to the provisions of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936 (hereinafter referred to as the Corrupt Practices Order), the precise nature of the corrupt practices he alleges to have been committed in respect of each of the returned candidates.

In paragraph 3 of Annexure B he gives particulars of an instance in which a Mr. Salim is alleged to have unduly influenced the voting of Mr. Mafizuddin Chowdhury, and similarly defines it with reference to the provisions of the above mentioned order. In paragraph 2 of Annexure B he sets forth the particulars of the issue of the mandate by the Chief Minister apparently to support a contention that this itself constituted a large number of instances in which undue influence had been exercised thus rendering the election not a free election.

The petitioner further alleges that the rules requiring that the election shall be held by secret ballot, and that votes should be recorded in a screened place were not strictly nor in spirit enforced, but that members recorded their preferences in full view of all others without going into any screened place, and submits that the result of the election has been materially affected by the violation of the rule of secrecy.

The petition contains further allegations in regard to breaches of the rules, especially rules 72, 73 and 78 of the Conduct of Election Rules.

The petitioner claims that the election of each of the nine returned candidates shall be void on the Commissioners expressing an opinion in his favour on each of the four grounds laid down in sub-paragraph 1 of paragraph 7 of the Corrupt Practices and Election Petitions Order, 1936. He has also claimed under sub-paragraph (2) of paragraph 3 of that Order a declaration that he himself has been duly elected.

The corrupt practices which he alleges in paragraphs 1(a) and 1(b) of Annexure B, read with paragraphs 1 and 2 of Annexure C and in paragraph 3 of Annexure B are various cases of undue influence.

In respect of the returned candidates, Sir B. P. Singh Roy, Sir Thomas Lamb, Mr. Abul Quasem, Khan Bahadur Saiyed Muazzamuddin Hossain and Mr. Hamidul Haq Chowdhury, being the first five out of the six named in the mandate, the petitioner in effect pleads that corrupt practices of which he has given particulars amounted to cases of undue influence committed by the candidates or their agents or by other persons with their connivance as defined in paragraph 2 of Part I of the First Schedule of the Order, and that such corrupt practices were committed in the interest of those returned candidates. He therefore in effect prays us so to hold under paragraph 7(1) (b) of the Order, in which case the elections of these candidates will be void.

In respect of the remaining four returned candidates, as the petitioner does not allege that they were in any way concerned with the plan of the Coalition Party, he pleads that the acts above referred to are "acts specified in Part I of this (First) Schedule, when done by a person who is not a candidate or his agent or a person acting with the connivance of a candidate or his agent", in other words, that they are corrupt practices under paragraph 1 of Part II of the First Schedule of the Order. He pleads that the result of the election of each has been materially affected by the corrupt practices so defined, and accordingly prays that the Commissioners shall so report under paragraph 7(1)(a) of the Order, thus rendering the election of these candidates also void.

The petitioner has also pleaded in respect of the five returned candidates who were nominees of the Coalition Party in the mandate that the corrupt practices of which particulars were given in paragraphs 1(a) and 1(b) of Annexure B were practices as defined in paragraph 1 of Part II of the First Schedule. In other words, he has both pleaded that the acts were done by or with the connivance of the candidate and also that they were done by others and without their connivance, without clearly showing that it is a plea in the alternative. Moreover he has failed to add the further plea in respect of these candidates that the result of the election was materially affected by these practices and has thus not strictly made the necessary plea to found a claim under paragraph 7(1) (a) of the Order. In the view we take of the facts the point is of no importance.

The petitioner founds a claim under paragraph 7(1) (c) of the Corrupt Practices Order on the ground that the result of the election has been materially affected by the irregularities in the conduct thereof, by breaches of rules 72, 73 and 78 of the Conduct of Election Rules, and in particular by the violation of the rule of secrecy.

He founds a claim under paragraph 7(1) (d) of the Corrupt Practices Order on the ground that the election was not a free election owing to the large number of cases in which undue influence had been exercised. In the petition this claim is based on the pleadings as to the issue of the mandate and issue 8 was framed accordingly. In the course of arguments some attempt was made to support it also by reference to alleged instances of exercise of undue influence, as to which evidence had been allowed to be given as showing the exact nature of the proceedings in the Assembly Hall at the time of the challenged election.

All the returned candidates, who were respondents Nos. 1 to 9, have appeared by advocates and filed written statements. Respondents No. 13 Syed Alial Hossain Azizur Rahaman, No. 18 Rai Bahadur Dr. Harendra Nath Das, No. 39 Khan Bahadur Sarafuddin Ahmed, and No. 43 Maulvi Wahiduzzaman also filed written statements supporting the petitioner and all except No. 39 gave evidence for him.

The main contest has been by Sir B. P. Singh Roy and Sir Thomas Lamb; and to a lesser extent by Mr. Hamidul Haq. For the candidates who were not nominees of the Coalition Party, the main contestant was Mr. Birendra Kishore Ray Chowdhury.

In his written statement Sir B. P. Singh Roy denies all the material allegations of the petitioner, in particular that there was any pre-concerted plan to secure open voting, he denies that the rules were not enforced or that the members recorded their preferences in full view of the other members. Sir Thomas Lamb denies that any corrupt practice was committed in his interest, and with regard to most of the allegations of fact states that he has no knowledge of them and does not admit them; if any of the incidents took place what was done was done without his knowledge and consent; he denies that any of them materially affected the result of the election. Mr. Hamidul Haq Chowdhury and Mr. Abul Quasem make similar denials of all the allegations. Khan Bahadur Saiyed Muazzamuddin Hossain admits that some of the voters, without in any way being influenced by him or his agents, showed their ballot papers to each other at the time of the election; he states that he has no knowledge of and does not admit the other allegations, and denies that anything was done in his interest or with his connivance. Mr. Kamini Kumar Dutt claims that he was a candidate selected by the All India Parliamentary Sub-Committee of the Congress and was a nominee of that Party, that he was elected by first preference votes only, and he denies there were any irregularities. Mr. Birendra Kishore Ray Chaudhury claims that he was a nominee of the Congress Party, elected by more than his quota of first preferences, and he denies that there were any irregularities in the election. Mr. Altaf Ali claims that he was a nominee of the Krishak Proja Party, denies that there was any irregularity or that the result of the election was materially affected by such. Babu Amulyadhane Roy claims that he was the nominee of the Congress Party and the Independent Scheduled Caste Party, and for the rest his petition is in similar terms to that of Mr. Altaf Ali. It is unnecessary to say more in regard to the written statements filed by the remaining respondents which support the petitioner.

It is convenient to note here that Sir Thomas Lamb, Mr. Kamini Kumar Dutt, Mr. Hamidul Haq Chowdhury, Khan Bahadur Saiyed Muazzamuddin Hossain, and the petitioner were retiring members of the Council, while Sir B. P. Singh Roy was a member of the Assembly, and hence a voter, as was also Mr. Birendra Kishore Ray Chowdhury.

The following issues were framed:—

Issues:

1. (a) Do the allegations in the petition disclose any grounds for holding that the election of all or any of the elected respondents and if so, which of them was void?
- (b) Does the petition disclose any grounds entitling the petitioner to the other reliefs claimed or any, if so, which of them?
- (c) Is the petition maintainable?
2. Were the election rules referred to in paragraph 8 of the petition contravened as alleged in the said paragraph?
3. Did the Chief Minister and/or the Hon'ble Sir B. P. Singh Roy and/or Mr. K. Shahabuddin and/or Nawabzada K. Nasarulla act as alleged in paragraph 9 of the petition or use their influence or exercise pressure on Khan Bahadur Hashemali Khan, and Abdul Latif Biswas, and Moslem Ali Molla, and Alhadj Gyasuddin Ahmed Chowdhury or any of them as alleged in that paragraph?
4. Did the Returning Officer commit the irregularities or any of them alleged in paragraph 11 of the petition?
5. If the answer to Issues Nos. 2, 3 and 4 or any of them is "yes", was the whole election or the election of any of the elected respondents and if so, which of them materially affected thereby?

6. (a) Did Mr. K. Shahabuddin and the three other persons mentioned in S. 1(a) of Annexure B act as alleged in the said paragraph?

(b) If so, was the same a corrupt practice within the rules mentioned in S. 1 and/or S. 2 of Annexure C?

(c) Was it done in the interest of the 5 persons named in S. 1 of Annexure C or of any and if so, which of them?

(d) Was the result of the whole election materially affected thereby?

(e) If so, was the election of the persons mentioned in Annexure C thereof voided?

7. (a) Did the persons mentioned in paragraph 1(b) of the Annexure B act as alleged in the said paragraph?

(b) If so, was the same a corrupt practice within the rules mentioned in S. 1 and/or S. 2 of Annexure C?

(c) Was it done in the interest of the 5 persons named in S. 1 of Annexure C or any and if so, which of them?

(d) Was the result of the whole election materially affected thereby?

(e) If so, was the election of the persons mentioned in Annexure C thereof voided?

8. Did the Chief Minister issue instructions as alleged in paragraph 2 of Annexure B. If so, did the Chief Minister by so doing exercise undue influence at all or in so large a number of cases that the whole election was not free?

9. (a) Did Mr. Salim act as alleged in paragraph 3 of Annexure B?

(b) If so, was the same a corrupt practice within the rules mentioned?

(c) Was it done in the interest of the 5 persons named or any of them?

(d) Was the result of the whole election materially affected thereby?

(e) If so, was the election of the persons mentioned in Annexure C thereof voided?

10. To what relief, if any, is the petitioner entitled?

We proceed now to discuss the issues.

Issue No. 1.—Mr. S. M. Bose appearing for Sir B. P. Singh Roy and Mr. Clough appearing for Sir Thomas Lamb raised the point that the pleadings were defective, though it was not pressed very strongly by them. This is true to some extent, and the defect has been indicated above in setting out the terms of the petition. The petition is a rather clumsy document, and though some improvement was made at the preliminary stages defects still remain. There was considerable difficulty in dealing with the petition as there were cross conflicts amongst the respondents themselves. A petition of this nature challenging a joint election by single transferable vote appears to have no precedent; the unknown nature of the country being explored rendered the lawyers of the respondents peculiarly nervous in accepting unanimously any particular changes. From what has already been said it will be seen that the pleading as to connivance of the candidates who were nominees of the Coalition Party is only to be found in the reference in Annexures B and C, giving particulars of corrupt practice, to paragraph 2 of Part I of the First Schedule of the Order, though there are facts pleaded in the petition to support such a pleading. Again the pleading that the corrupt practices under paragraph 2 of Part I were in the interests of the candidates which is necessary to support a claim under paragraph 7 (1) (b) of the Corrupt Practices Order is given in the annexure of particulars of the corrupt practices, and not in the petition itself, as it should be. Similarly the pleading that the result of the election was materially affected by the corrupt practices under paragraph 1 of Part II of the Order is given in the annexures of particulars and not in the petition. Also, as noted above, there is a complete failure to plead this latter point in respect of the corrupt practices under Part II alleged against the Coalition nominees. However, the interested respondents were in no doubt that connivance was charged, and as to the evidence which was supposed to support that charge, and they duly dealt with

it in cross-examination. They were not misled by the other technical errors of pleading, and in view of the circumstances adverted to we do not think great strictness in the matter is to be insisted on. The petition cannot fail on these preliminary grounds and the answers to the first issue are in the affirmative in each case.

Issue No. 4.—The allegations in paragraph 11 of the petition were based on a misunderstanding. This was cleared up when Anath Bandhu Chatterjee (P. W. 10) was examined. The Returning Officer was Mr. Ali Afzal, Secretary of the Bengal Legislative Assembly, but this witness and another assistant were appointed under rule 57 (2) of the Conduct of Election Rules to perform, subject to his control, all the functions of the Returning Officer. After the voting was over in the Assembly Hall, the boxes were sealed and then removed under the personal supervision of these officers up to the tea-room in the same building for the purpose of counting. During the necessary periods when the proceedings of the counting were suspended, one or other of the assistants remained in charge of the papers, that is to say, the papers were always in charge of a Returning Officer. This issue was accordingly not at all pressed. The answer to this issue is in the negative.

It will be convenient at this stage to mention and dispose of one irregularity which was admittedly committed by the Returning Officer. In paragraph 12 of the petition the petitioner reserved the right to amend the petition in regard to the proceedings as to counting on his obtaining papers. At the end of arguments attention was drawn to what appeared from the counting sheet to be an obvious mistake in the method of counting the votes. The Commissioners sent for Mr. Afzal, and opened the packet containing the ballot papers. After examining the rules, and considering the counting sheet, Mr. Afzal agreed that a mistake had been made in respect of the surplus votes of Mr. Birendra Kishore Ray Chowdhury. At the first count Sir B. P. Singh Roy obtained 130 first preferences, Mr. Hamidul Haq Chowdhury had 1, and Mr. Birendra Kishore Ray Chowdhury had 26. In accordance with the rules the surplus of Sir B. P. Singh Roy was first dealt with, then that of Sir Thomas Lamb (obtained by transfer from Sir B. P. Singh Roy), then that of Mr. Abul Quasem, then that of Khan Bahadur Muazzamuddin Hossain. This was correct in accordance with rule 78 (5) (c) of the Conduct of Election Rules which requires that the largest surplus shall first be dealt with. By the last transfer, 26 votes went to Mr. Hamidul Haq, making 27 votes in all, so that he had a surplus of 2 over the quota of 25. At first the Returning Officer made a mistake, as the counting sheet shows, and as he admits, when he began in error next to eliminate the candidates at the bottom of the poll who had secured by then no votes. He realised this mistake, and went back to deal with the surplus of Mr. Hamidul Haq, transferring 2 votes to Mr. Habibur Rahaman. But he again repeated his mistake by leaving the surplus one vote with Mr. Birendra Kishore Ray Chowdhury, and proceeding to eliminate all the lower candidates by stages. The surplus vote of 1 went to Babu Amulyadhane Ray at the last transfer and gave him the seat by a majority of one vote over the petitioner. The transfer should in fact have been made immediately after the transfer of the surplus of Mr. Hamidul Haq. There were then still several candidates with no votes, so that the difference between the number of votes held by them was itself nil. Transfer of one vote could affect the position of these candidates, and so should have been made. The provision in rule 78 (5) (c) (iii) under which the Returning Officer need not transfer a surplus if it does not exceed the difference between the totals of the votes credited to the two continuing candidates lowest on the poll had no effect here.

It, therefore, became necessary for us to examine the 26 papers in which first preferences were accorded to Mr. Birendra Kishore Ray Chowdhury. The result showed that on these papers the second preference went to Babu Amulyadhane Ray in 20 instances, so that the surplus vote should have been transferred to him if made at the correct stage of the proceedings. The only effect of the error in fact was that this paper was not transferred until the last transfer instead of earlier, and the error could not have affected the result in any way. In other circumstances the error might have been material, but in fact it was not.

Strictly speaking a formal issue should have been raised on this point.

The remaining issues 2, 3, 6, 7, 8 and 9 are closely inter-related and so far as the facts are concerned may be discussed together; issues 3 and 7 are practically identical. The main issue of fact in this case stated in broad terms is whether, on the one hand, there was a concerted plan by the Coalition Party decided upon as alleged in paragraph 6 of the petition and carried out as alleged in paragraph 9 thereof, and in the other instances of specific corrupt practices mentioned in the annexures, and intentionally fortified by the issue of the so-called mandate so as to prevent members of the party from voting as they wished; or whether, on the other hand, what happened was merely that owing to various reasons voting was done in a rather casual manner in the body of the Assembly Hall, only the more punctilious going to the lobbies provided as screened places for voting, and whether therefore such instances, if any, as occurred in which actual marking of the voting papers was influenced at the time of the marking were isolated instances arising out of the circumstances, being themselves at most, merely graver instances of irregularity and possibly actually affecting the particular votes recorded. We may say at once that we are clearly of opinion that the petitioner has failed to make out his case that there was a concerted plan to influence the voting by improper methods, by supervision enforced by fear of consequences.

We will first discuss the evidence relating to the preliminary history shortly prior to the election, we will then endeavour to give a picture of what the evidence shows occurred generally during the actual election, and will then consider the specific allegations of the petitioner, first as set out in his petition, and next as deposed to by his witnesses, estimating the value to be attached to that evidence.

When the question arose as to what candidates should be supported by the Coalition Party at the forthcoming election, some members of the party, amongst whom Khan Bahadur Hashem Ali Khan was looked to as a leader, took strong objection to Mr. Hamidul Haq, and Mr. Habibur Rahman. There was some discussion at Gorachand Road where some members of the party are accustomed to put up during the time the Assembly is sitting. As a result their point of view was put before the leaders of the party, and Mr. K. Shahabuddin, the Chief Whip, met them and explained matters. Finally there was a meeting in the committee room at the Assembly House on the morning of the 29th February, where a trial ballot was held. There being no real opposition to Sir B. P. Singh Roy, or to Sir Thomas Lamb, the former being a minister, and the latter in any case practically safe for election on the votes of the European Group alone, these were adopted unanimously, and a trial ballot was held in respect of twenty-four Muslim candidates seeking the support of the party. As a result Mr. Abul Quasem obtained 60 votes, Khan Bahadur Saïyed Muazzam-uddin Hossain obtained 51 votes, Mr. Hamidul Haq Chowdhury obtained 49 votes, and Mr. Habibur Rahman 48 votes. Mr. Wahiduzzaman (P. W. 26), Mr. Habibulla Chowdhury (P. W. 5), Saïyed Ali al Hossain Azizur Rahman (P. W. 3) obtained 35, 33 and 4 votes respectively. The minutes of the proceedings are on record (Ex. A) together with the voting list (Ex. C). On the evening of the 28th February, there appeared in bold type in the *Star of India* a letter from Mr. A. K. Fazlul Haq, Chief Minister, in which he explained and expounded the importance to the party of securing proper representation in the Upper House, so that measures passed in the Lower House would not be obstructed there, that owing to the system of voting the result of the election would depend on the amount of co-operation and co-ordination between the voters, the chances being that "if the Coalition Party and the Europeans combine, we can have practically all our nominees elected". He added that "in a system of voting like this nothing is so fatal as disjointed and factional efforts in order to put through particular candidates." He also stressed the need of every member attending to vote.

It appears that even after the trial ballot, there was still some opposition to Mr. Hamidul Haq Chowdhury; Khan Bahadur Hashem Ali Khan and other witnesses speak of some members having said that they had taken a vow not to vote for him. This witness and others also state that they were dissatisfied with the trial ballot itself, as there was canvassing by ministers and irregularities. Another meeting was held on the night of the 1st March, at which the Chief Minister again explained the position. According to Mr. Shahabuddin, after this all the opposition died down. According to Khan Bahadur Hashem Ali, the Chief Minister somehow pacified the members not to alter what had been decided, but he himself repeated that some had made

a vow not to vote for Mr. Hamidul Haq. One Syed Abdul Majid (D. W. 7) then suggested, according to this witness, that there should be open voting on the following day. The witness expressed doubts if the election then would be valid, whereupon it was decided that whatever the result this course would be followed. In cross-examination the witness admitted that there was no formal resolution on the point. Somewhat similar evidence is given by Maulvi Md. Moslem Ali Molla (P. W. 1) and by Maulvi Abdur Rezzak (P. W. 4), who in cross-examination improves upon the story by saying that it was decided that there would be no screened place at all. Idris Ahmad (P. W. 9) states that the proposal for open voting was not entertained; Mr. Abdul Quasem (P. W. 22) states that the proposal was made, and he protested and left the meeting, there was no formal decision. Syed Gholam Sarwar Hossain (P. W. 27) states that there was no formal decision on the point, while Mr. Hasanuzzaman (P. W. 30) states that Syed Abdul Majid made the suggestion but it was not accepted. Syed Abdul Majid (D. W. 7) denies that he made any such suggestion while the other witnesses of the respondent who were at the meeting and were examined on the point all deny that there was any decision about it, some deny that any suggestion was made, while others state that they have no knowledge of the suggestion being made. Mr. Habibulla Chowdhury (P. W. 4), a candidate, and a fairly close rival of Mr. Hamidul Haq Chowdhury in the trial ballot, states that he heard the latter, probably in the tea-room, saying that some members had taken a vow not to vote for him, and their papers should be examined, as also that of Khan Bahadur Mohammed Ali (D. W. 5), and son of Mr. Altaf Ali (respondent No. 2) who was nominee of the Opposition Krishak Proja Party. Mr. Wahiduzzaman (P. W. 2), another close runner-up of Mr. Hamidul Haq Chowdhury, alleges that he was on the verandah when the meeting of the 1st March was taking place, and heard about the proceedings from his father-in-law, and from Khan Bahadur Hashem Ali. He went along to Gora Chand Road that night, and there the Khan Bahadur told him he was sorry that he would not be able to vote for him as ballot papers would have to be shown. This witness along with Habibulla Chowdhury (who however himself says nothing of the incident) went along with another candidate to Mr. Humayun Kabir (P. W. 31) to ask him to get the newspapers to publish the allegation that there would be open voting. Next morning he attended at the election, and was given a place in the candidate's box whence he filed with the Returning Officer a petition (Ex. Ct. 3), in which he alleged that he had come to know that it had been decided that some members of the Coalition group would have to show the ballot paper after marking to the Chief Whip or Whips of the Party and other groups might also do the same thing, and that the secrecy of the voting would be lost thereby; he therefore prayed the Returning Officer to see that this was not done.

The final estimate to be attached to this evidence will be discussed after we have dealt with the incidents in the chamber at the time of the election.

The poll was timed for 12.15 p.m. We have the programme of the Returning Officer (Ex. Ct. 1) in which he had jotted down the more important points for his procedure as required by the rules. Ballot papers were distributed by his assistants, a mark being made on the division list against the name of each member to whom a paper was delivered. Grace time was then given and the Returning Officer then requested the members to proceed to ballot. The actual note of the Returning Officer regarding his instructions may be quoted:—"Grace time is over, I would now ask the members to proceed to any of the places screened from observation to record their votes according to the instructions on the ballot papers." "After recording your vote in the aforesaid manner and before leaving the screened place the electors are to fold the ballot papers to conceal their votes. The paper as folded should be placed in one of the ballot boxes provided. As soon as the ballot paper is placed in the box the elector must quit the place where the box is placed."

It is clear that the members were not disposed to take much notice of what the Returning Officer said. Mr. S. K. Sen in leading his evidence got all his witnesses who could remember anything about the instructions at all to say that the Returning Officer first read out the instructions, and then had the papers distributed. This would be wrong according to the rules, and we have no doubt that in fact he followed the programme which he had noted. The "screened places" were in one sense not screened at all; they were in fact the fixed tellers' seats which were inside the lobbies and facing the six lobby

doors of the Assembly, and consist each of a sort of chair and desk facing the lobby door, having a wooden partition at the back and on the left side. There is however no reason to doubt that in so far as they were actually used they were entirely satisfactory, and that such members as used them went one by one into the lobby, the door of which remained closed while each voter used the desk. The programme note shows that there were ten ballot boxes. There is practical unanimity that some of the boxes were kept in the well of the house while there is sufficient definite evidence, including that of the Returning Officer, and his assistant, Anath Bandhu Chatterji, together with that of witnesses such as Mr. J. C. Gupta (P. W. 17), Abu Hossain Sarkar (P. W. 13), Mr. J. N. Basu (D. W. 3), Mr. Shahabuddin (D. W. 4), Mr. Maguire (D. W. 11), Mr. Asraf Ali (D. W. 12), Mr. Azahar Ali (D. W. 14), most of whom actually voted in one of the lobbies, to show that at least five boxes in all were placed at five of the lobby doors. It was suggested to Mr. Ali Afzal that boxes were placed in the well of the house at the instance of Mr. Shahabuddin, and he said it was not impossible, he would not contradict it. There is no evidence to support the suggestion, and it was not put to Mr. Shahabuddin himself though it forms an important plank in the petitioner's case that all moved on a concerted plan.

There can be no doubt that these arrangements were defective from the point of view of inducing voters to vote properly and in secret. It is not surprising, human nature being what it is, that many voters did not bother to attempt to go to the lobbies in order to vote. There can be no suggestion that voters like Mr. Wordsworth, or Major Curtis Millar, or Mr. D. P. Khaitan, or the Mayor, Mr. Siddiqui, would not have taken the trouble to wait their turn and go to a lobby if the Returning Officer had observed them disobeying his injunctions and asked them to do so. He admits he was aware that a number of voters were not going to the lobbies, but he did nothing. It is clear that a definite protest was made by Mr. J. C. Gupta, and no doubt some protest was shouted by Mr. Zaman, Mr. Hashemi, and Mr. Samsuddin. It is clear that the Returning Officer had no proper control of the proceedings after the ballot papers were handed out. Mr. Wordsworth kept his paper for some time, and was evidently rather doubtful as to precisely when he was supposed to vote. The members were all well aware of the existence of the lobbies, but in the general confusion in which the proceedings were conducted some were doubtful as to whether they were really supposed to go to the lobbies or not, while others appreciated this and did so; others like Major Curtis Millar found it convenient not to bother to do so. No doubt the situation had its difficulties, and had the Returning Officer attempted to insist on strict compliance with the rules and succeeded, he would have put a considerable strain on the patience of the members, as, with the actual arrangements which were in existence for secret voting the proceeding would have been much more protracted if everyone had had to wait while each voter proceeded to a lobby. Major Curtis Millar is of opinion that the time factor was the chief cause of the laxity of procedure. It seems probable that marking of papers began before distribution was complete. The members were allowed to return to and remain in their seats after they had voted. This meant that they had to make the journey out from their seats past other members, some of whom might still be voting, to move down to the well to deposit their papers in the boxes, and then to return; some moved up to the lobbies, waited their turn there, and then returned to their seats. With two hundred and forty-seven persons so moving about there must have been considerable confusion. We have no hesitation in accepting the evidence of Mr. Wordsworth, and Khan Bahadur Muazzamuddin Hossain (himself a returned candidate) to the effect that in the confusion there was some showing of papers and open voting in the sense that near neighbours could in some cases see how others were marking their papers. It is to be remembered that whips had been issued by the other parties as well as Coalition Party so that most of the voting papers were marked in accordance with the respective whips; the counting sheet shows that some 200 papers were so marked. A large body of persons were placed together in circumstances inviting irregularity and departure from the strictly correct method of procedure, and in fact some 80 per cent. of them knew exactly how they intended to vote and that their neighbours knew how they intended to vote, and that they themselves were voting similarly. In such circumstances and in view of the delay that would have been caused to get persons to go through the formality of voting "in secret" it would have required some considerable tact on the part of the officer in charge to induce them to do so if he had felt obliged to see that the rules were obeyed, and that voting was

done in the screened places as directed by him. Actually he considered that he had no real power to enforce compliance with his directions, and that it was no part of his business to see that he was obeyed if seriously challenged. We think that he was not right in the view that he took of his powers and that he would have been fully justified in taking the boxes under his immediate control, and in refusing to allow any voter to put his paper in the box, who had not proceeded in accordance with rule 73 under his direction to the screened place and marked his paper there. Any paper marked otherwise could have been taken as spoilt and a new one could have been issued in its place, but if the voter refused to proceed to vote in accordance with the directions of the Returning Officer, the latter had full power to refuse to permit him to use the ballot box.

In reference to this matter, we may note only to reject it an argument put forward by Mr. S. M. Bose to the effect that as there is no specific rule in Part VI of the Conduct of Election Rules requiring the Returning Officer to keep order, so he has no duty to do so. Reference was made to rule 11 which requires Presiding Officers at Polling Stations to keep order, and the omission of any corresponding rule relating to the Returning Officer was relied upon to support the contention. We may merely refer to rule 65(4) which lays down that the Returning Officer is to preside over the election and to appoint Polling Officers to assist him, and add that it is scarcely necessary for rules specifically to provide that a president shall keep order and see that proceedings are regularly conducted.

We may similarly dispose of an argument advanced by Mr. Clough which appeared to be to the effect that it was sufficient compliance with rule 73 for the Returning Officer to tell the members to go to a screened place in order to vote, and to leave it to them to go and hide under tables, and find other suitable places or postures in which it could be said that their voting had been screened from observation.

A further argument advanced to justify the method of voting adopted was that the matter of secrecy was the privilege of the voter himself, which he might waive. We cannot accept this view in so far as it is put forward to substantiate a contention that such waiver does not constitute an irregularity, though admittedly it may be of some weight in considering the question of the effect of the irregularity on the election. The voter certainly has no right to disobey the rules, and to refuse to follow the procedure laid down, which it is the duty of the Returning Officer to see carried out. If the waiver is made by concerted plan of a number of voters in order to apply pressure on others to intimidate them not to exercise their right and duty to follow the correct procedure and vote in secrecy, the waiver might amount to undue influence, and it is part of the petitioner's case here that such undue influence was exercised. If the Returning Officer does not exercise his authority to see that his directions, made in accordance with the rules, are obeyed, he will either be permitting the exercise of such undue influence in his very presence, or at any rate be permitting a situation to arise in which such a contention can be made with some justification.

It must be conceded that there is considerable excuse for the Returning Officer in the present case in the fact that the system of voting laid down in the rules tends to create a difficult situation. We can see no need for assembling the whole body of members of the Assembly for the purpose of distributing papers to them; we can see no reason why voting should not be fixed between certain hours, members coming at their own time, each receiving a paper from the Returning Officer and then voting. If the present system is to remain, it is clear that it is particularly important that especially efficient physical arrangements must be made to simplify the officers' task in inducing the voters to mark their papers in screened places. The arrangements should be such that voters are made to depart from the voting hall after depositing their papers, and not permitted to come back amongst those with papers about to move to the voting booths. There was more than one indication in the evidence that the prevailing opinion was that this election was meant to be a sort of unofficial meeting of the Assembly with no one in particular in charge. Mr. Shahabuddin was under the impression that as whip he had functions to perform in seeing that papers were distributed. Mr. J. C. Gupta, whip of the Congress Party, had similar ideas. It is clear that the whips have no other rights than those of other voters.

Whether it is really possible to make satisfactory arrangements in the present Assembly Hall at all is a question to which the answer may be doubtful; it is easier to criticise the arrangements made by the officer than to work out something better. The hall itself has just sufficient seating accommodation for the members, while it is possible to fit the candidates and agents into the surrounding galleries, though it should be made clear that these have access to the Returning Officer to make necessary complaints. The lobbies are certainly unsatisfactory polling booths and far away from the control of the Returning Officer; if he places the boxes in the lobbies, they are out of his sight, and even if placed at the door they are far from his control; if they are in the well they create objectionable movement. If there were room in the well of the house to fit up a number of screened places with suitable barriers to lead the voters to them, this would be the most suitable arrangement, but it is doubtful if there is sufficient room. The fact seems to be that a circular hall and in particular the Assembly Hall is quite unsatisfactory for the purpose of holding an election in the manner laid down in the rules, and the Returning Officer had to do the best he could in the circumstances; he might conceivably have done better but it is only fair to him to point out the difficulties with which he had to contend.

We thus have a picture of the scene of some confusion which existed at the time of voting, due mainly to the rules themselves, partly to the choice of place of voting, partly to the absence of special arrangements necessary to maintain control, partly to the arrangement of depositing some boxes in the middle of the hall, partly to a lack of decisiveness on the part of the Returning Officer in attempting to enforce his directions when he found they were being ignored. We do not accept the description of the more extreme witnesses like Mr. Shamsuddin Ahmed, or Mr. Nausher Ali that there was pandemonium, but we do find that the proceedings were not conducted as Mr. Wordsworth has said, in the way in which we would expect a serious election to be conducted.

We will next consider the evidence relating to the general allegations of the petitioner that in pursuance of the plan of the Coalition Party, the whips and Ministers supervised voting. We may note at once that though particulars were given in the petition of instances of such supervision, not a single one was established so far as it concerned either a whip, or a minister. These instances will be discussed in detail below. The first point that strikes one is that it would be almost physically impossible for the whips and ministers to move about along the benches for the purpose of supervising actual voting. All the evidence we get of particular instances of interference or supervision is evidence of interference by neighbours either to the right or left on the same bench, or from the bench in front or behind that of the voter. Mr. Afzal himself denies that there was any such movement and we believe his assertion that he would have stopped such action if it had taken place. The ministers occupy the small block just to the right of the Speaker's chair in front of which the Returning Officer had his seat; some of them undoubtedly went to the lobby just behind by the passage to the right of their block, voted there, and then went to the well of the house to put their papers in one of the boxes. We have the evidence of Sir B. P. Singh Roy, the Maharajah of Kasimbazar, and of Mr. Asraf Ali on this point and we accept it. In so moving these gentlemen passed by the gallery in which the candidates were seated. No doubt they talked amongst themselves, and, as is admitted, also to some others. Mr. Habibulla Chowdhury (P. W. 5) himself definitely states that Sir B. P. Singh Roy merely went to the box and then returned, that he did not wander about the hall. He objected to the Returning Officer that Sir B. P. Singh Roy and Mr. Birendra Kishore Ray Chowdhury, who were candidates, should not be allowed to speak to voters and should be made to sit in the gallery with the other candidates. The correct form of his grievance would have been that he was himself not allowed in the voting hall proper. No one strictly speaking should have been allowed to speak to voters on the way to the box to deposit their papers, but with the arrangements made this was practically impossible to prevent or control.

There is some evidence in three cases of papers having been shown to ministers. Mr. Abdul Quasem (P. W. 22), some time acting Assistant Government Pleader in the High Court, whose seat is in the block next to the ministerial block and on the gangway, states that the Nawab of Dacca was standing by him when he voted and that he showed his paper to the Nawab saying the election was a farce and should be set aside; he also showed his paper to Sir Nazimuddin, who told him to do his business and go away. This witness is admittedly a bitter

opponent of Mr. Hamidul Haq Chowdhury. He says he does not remember to have seen any screened place, though in fact it is certain that there was one within a step or two of his seat, which was being used by the ministers for the purpose of voting. In our opinion he strongly resented having to submit to the party discipline, and to vote for Mr. Hamidul Haq Chowdhury, but he had not the slightest intention of not following the mandate. He showed his paper to the two ministers of his own volition; we do not for a moment accept his version that he did so because he had been told that papers would have to be shown. He was disgruntled because he had failed to get his own way over the matter of Mr. Hamidul Haq Chowdhury, he chose to vote at his seat and generally to make a fuss over the matter, voluntarily giving in with a bad grace to party discipline, and the needs of the situation. We have no doubt he was well aware of the principles expounded by the Chief Minister in the *Star of India* of the 29th February, and accepted them, knowing the need of unity, and that he voted accordingly though he did not like being in the minority so that he was one of those who had to give way.

The case of Mr. Mufizuddin Chowdhury (P. W. 32) referred to in paragraph 3 of Annexure B is discussed in detail below. In his evidence this witness stated that he showed his paper to Sir Nazimuddin, who told him there was no need to do so and to put his paper into the box. The evidence is in fact contrary to the contention that at any rate Sir Nazimuddin was supervising the voting.

Another witness who clearly showed his paper voluntarily was Idris Ahmed Mia (P. W. 9), who states that after voting he first showed his paper to Khan Bahadur Hashem Ali (P. W. 2) who gave him, what appears to have been some sort of mock certificate on the "whip" paper which had been distributed at the commencement of the proceedings signed (in cyclostyle) by the Chief Minister as Leader of the party (Ex. 2) containing the list of Coalition nominees. He then showed his ballot paper to the Chief Minister, who, he says, practically refused to look at it. Mr. Nausher Ali would have it that the voters were being brought up to the ministers to show their papers, and that they were mainly being brought up to the Chief Minister, a statement which finds little or no support from any other witness. Idris Ahmed himself was at the meeting where it is alleged that there was a suggestion that there should be open voting, and stated that the proposal was not entertained. He says that he showed his paper because on a previous occasion he had been suspected of not following the party mandate. It is evident he intended to vote according to the mandate, and merely took advantage of the laxity in the proceedings on the election day to make sure that he got credit for so doing, that he was in no sense supervised by the Chief Minister, or by anyone.

Khan Bahadur Hashem Ali states that he marked his paper in front of Mr. S. Suhrawardy, whom he saw standing just in front of him. He himself says that he would have in any case voted in the same way even if he had gone to the screened place. His seat is in the front row of the third block to the right of the Speaker's chair, that is to say, on the floor of the house, so that any minister going to put his paper in a box there would be close to him. It is clear that his action was merely another instance of the ostentatious display made by the band of objectors to Mr. Hamidul Haq Chowdhury to show that they were really behaving properly as good party members. This witness was a leader of those objectors, some of whom, like Idris Ahmed, appear to have come to him to obtain, as it were, certificates of good conduct.

Another witness who says his paper was shown to the Chief Minister is Mr. Abdul Hakim (P. W. 24). He has described himself as a determined rebel; he tabled a no-confidence motion against the Chief Minister, and has left the Coalition Party since the election which is now being called in question. He refused to accept a whip paper, and says he objected to having to vote for Sir B. P. Singh Roy, Sir Thomas Lamb and Mr. Habibur Rahaman. However he went to the centre reporters' table on the floor of the house, and there voted, one Mr. Sirajul Islam pointing out the names of the nominated Coalition Party candidates, since these were unknown to the witness. His paper was then taken by Mr. Sirajul Islam and waved in front of the Chief Minister, and he says he was made to vote as he did for fear of creating a scene. This witness adds that he had promised a vote to the petitioner some days before the election, and that he met him shortly after it, and told him about not having voted for him, though not all his present story. In fact no particulars of it are given in the petition at all, and we have little hesitation in rejecting the story as given.

We may here refer to the petition (Ex. Ct. 2) filed by a candidate Asaduzzaman and endorsed by Dr. Harendra Nath Das, another candidate (P. W. 19), at 1 p.m. before the Returning Officer to the effect:—

“In spite of your instructions, no secrecy of ballot is being observed, and voters are openly recording their votes in their seats. We want you to note this in your proceedings”.

The Ministers were seated just in front of the gallery which these candidates occupied and had there been anything of the nature of general supervision by Ministers of the character alleged now, we should have expected some mention of it to be made in this petition.

We are clearly of opinion therefore that the petitioner has failed to make out his general charges against the whips and ministers alleging that they supervised voting, or used their influence or pressure in respect of particular voters. As we have already noted, the petitioner has entirely failed to support by evidence any of the charges in this matter of which he gave particulars in his petition. His general evidence is of a very vague character and in so far as it suggests that the whips and ministers moved amongst the seated members is extremely improbable. Such specific instances as are deposed to have been discussed above and merely go to show that some voters ostentatiously went out of their way to show their papers to ministers and others, having decided to follow the mandate, though with a bad grace.

We proceed next to discuss the evidence led by the petitioner in support of the charges of corrupt practices, particulars of which are given by him in paragraphs 1 (a), 1 (b), and (3) of Annexure B. These will have to be considered not only in their aspect as corrupt practices, but also in their aspect as irregularities. Regarded as corrupt practices, they might be disposed of at once on the ground that the evidence varies completely from the particulars.

In Annexure B, paragraph 1 (a) it is alleged that (i) Maulvi Abdur Rezzak, (ii) Mr. Abdul Wahab Khan, and (iii) Maulvi Mohammad Hasanuzzaman recorded their votes at the dictation of and in full view and under the supervision of, and handed over their ballot papers to, Mr. Shahabuddin, who looked into and scrutinised them, and himself put them into the box.

(i) Maulvi Abdur Rezzak (P. W. 4) is one of the strongest opponents of Mr. Hamidul Haq Chowdhury, whom he says he considers to be a traitor to the party. He asserts that there was an actual decision at the party meeting on the 1st March that there would be open voting. Accordingly he marked his paper sitting at his seat, and was seen by his neighbour Khan Sahib Aminulla. He asserts that he showed his paper to the members including Mr. J. C. Gupta, Chief Whip of the Congress Party, exclaiming that he was following the mandate, “just see that I am not blamed for any offence”. He says that if the party mandates are not obeyed members are insulted, and so he wished to make it clear that he was obeying the mandate issued for the election. He asserts that at the time of the no-confidence motion some members were assaulted and socially boycotted. His evidence as to his protest is supported substantially by Syed Afia Hossain Azizur Rahman (P. W. 3), who was seated in the candidates’ gallery. It was apparently after this incident that Mr. J. C. Gupta made some protest to the Returning Officer about the irregularity in that votes were not being recorded in screened places. Abu Hossain Sircar (P. W. 13) also refers to this incident, but says that Maulvi Abdur Rezzak showed his paper to the Chief Minister. Mohammad Mohosin Ali (P. W. 20) also refers to it. In our opinion this is merely another instance of ostentatious parade of graceless submission to the needs of the party system. We do not think that the witness was ultimately made to vote in the way in which he did by anything but his own decision to follow that mandate, and we do not accept his statement that he was actuated by fear of consequences nor do we think he would necessarily have voted otherwise if he had along with all the other voters voted in a screened place.

(ii) Abdul Wahab Khan was not examined and there is no evidence whatever in support of this charge in the petition.

(iii) Mr. Hasanuzzaman (P. W. 30) states that Syed Abdul Majid (D. W. 7) came and sat between him and Ghulam Sarwar Hossain (P. W. 27) and asked them to record their votes in his paper, while he reciprocated. This witness refused to vote for Mr. Hamidul Haq Chowdhury, but Syed Abdul Majid told him it would not be convenient

if he did not do so. He then marked his own paper and put it in the box. Abdul Majid snatched the paper of Ghulam Sarwar Hossain and marked it, and put it into the box despite the latter's protest. The whole incident is denied by Syed Abdul Majid (D. W. 7). This witness asserts that he would not have followed the mandate had he voted in secret. We do not believe that he was in fact really prevented from voting as he wished, though it is possible that had he been made along with all other voters to go to a screened place his final decision might have gone against his accepting the mandate. We think that at most what happened in his case was an irregular exercise of pressure by Syed Abdul Majid at the time the witness was marking his paper, though he was quite free to vote in whatever way he wished, and free to go to a screened place to do so. The same pressure exercised outside the hall, or rather even exercised inside it, provided that voting was actually being done in a screened place, would have been quite regular. The prime irregularity was in the voter being allowed to vote in the hall itself, and this was aggravated by his voting being overlooked and by pressure being applied at the time of voting. We do not consider that this in itself amounts to any exercise of undue influence, or a corrupt practice. The pressure did not interfere with the free exercise of the witness' vote, though it may have irregularly interfered with the actual exercise, swaying his will and decision irregularly at the stage of actual marking of the paper.

Thus neither of the above incidents Nos. (i) and (iii) mentioned in paragraph 1(a) of Annexure B (even in the form deposed to which is widely different from the particulars) amounts to a corrupt practice in our opinion, though the incident of Mr. Hasanzaman was an aggravated instance of the irregularities in voting outside the screened lobbies, which may have affected the vote of this witness in respect of Mr. Hamidul Haq Chowdhury: there is no evidence at all as regards the incident No. (ii).

Paragraph 1(b) of Annexure B repeats the terms of paragraph 9 of the petition, and alleges that in pursuance of the plan of the Coalition Party the Ministers, particularly the Chief Minister, Sir B. P. Singh Roy, and the party whips Mr. K. Shahabuddin and Nawabzada K. Nasarulla went round among the members while they were recording their votes and used their influence and exercised pressure on (i) Khan Bahadur Hashemali Khan, (ii) Mr. Abdul Latif Biswas, (iii) Mr. Moslem Ali Molla and (iv) Mr. Alhadj Gyasuddin Ahmed Chowdhury to record their votes in favour of particular candidates.

(i) The incident of Khan Bahadur Hashemali Khan's vote has already been discussed above in considering the cases where there was some evidence of papers having been shown to Ministers. The witness himself states that his vote was in no way affected, and that he would have voted as he did even if he had gone to a screened place. There was a mere irregularity in that the witness was not made to vote in a screened place and this in no way could have affected his vote.

(ii) Mr. Abdul Latif Biswas was not called. On the other hand in cross-examination of respondent's witness Mr. Abdus Saheed (D. W. 20), who stated that he had voted in the lobby, it came out that he waited for Mr. Biswas. It was then suggested to the witness that Mr. Biswas went to the lobby because this witness had attempted to interfere with him. The witness denied the suggestion. As it is the petitioner's case that the members were intimidated into voting against their real wishes, and had no way of escape, it is surprising that he should suggest that one of the persons named in the petition as having been a particular victim of the ministers or whips, had in fact taken the obvious measure of relief from such pressure by going to the lobby to vote.

(iii) Moslem Ali Molla (P. W. 1) states that he objected to voting for Sir B. P. Singh Roy; unlike most of the objectors with whom we had to deal, he was in favour of Mr. Hamidul Haq Chowdhury. His story is that one Zahur Ahmed told him to vote according to the mandate, that the witness then asked the former to put the figures himself, but he refused. The witness then put his paper in the box. He says generally that Nawabzada Nasrulla, Mr. Salim, Mr. Shahabuddin and Sir Bijoy were supervising others, but is specific that only Zahur Ahmed looked over his paper. This witness is also one of the few who asserts that there was a definite decision at the party meeting on the 1st March, that there would be open voting. He asserts more emphatically in cross-examination that ultimately he was forced in the house to follow the mandate; when he wanted to go to the screened place to

vote according to his own choice, he was made to vote according to the mandate. We cannot accept his improved version that he was actually prevented from voting as he wished. At most pressure was put upon him at the time of actual voting by Zahur Ahmed, and he voted accordingly. We think that had he really wished finally not to follow the mandate he would either have done so in the house or moved to the screened place closeby. He was seated in one of the rear seats. We do not think his evidence proves any corrupt practice even against Zahur Ahmed. It is however possible that if he had been made to go to a screened place along with all the other voters, his vote for Sir B. P. Singh Roy would not have been cast.

(iv) Alhadj Gyasuddin Chowdhury (P. W. 23) alleges that when he was about to vote he found Khan Sahib Hamiduddin Ahmed (D. W. 6) and another probably Zahur Ahmed, looking over his shoulder. He objected, and they said it did not matter, they wanted to see what he wrote. He voted according to the mandate, but he would not have voted for Mr. Hamidul Haq Chowdhury if he could have voted without being overlooked. He explains that the doors were closed, and that he never tried to get out. He also alleges that he was afraid of persecution, assault, and about his actions being written up in the newspapers. Khan Sahib Hamiduddin Ahmed describes as false and malicious the allegation that he looked into the paper of this witness. We were not at all impressed by the evidence given by the witness and prefer to accept the denial of Khan Sahib Hamiduddin Ahmed.

Thus of the four incidents referred to in paragraph 1(b) of Annexure B none, even as deposed to, amounts to a corrupt practice and only that relating to Moslem Ali Molla is a case of an irregularity by which it is possible that the vote of the witness might have been affected, so far as regards Sir B. P. Singh Roy.

In paragraph 3 of Annexure B, it is alleged that Mr. Mafizuddin Chowdhury after he had recorded his votes on the ballot paper was approached by Mr. S. A. Salim who wanted to see how the former had recorded them. On his refusing, Mr. Salim snatched away his paper, returned it to the Returning Officer, and obtained a new paper forcing Mr. Mafizuddin Chowdhury then to vote according to the mandate, and to hand over the paper to Mr. Salim who put it in the ballot box. This story is not supported in this form at all by Mr. Mafizuddin Chowdhury (P. W. 32). He says that he objected to having to vote for Sir B. P. Singh Roy. He first voted as he wished, when Mr. Salim told him he should vote according to the mandate. He then handed his paper to Mr. Salim, and himself went and obtained a new paper from the Returning Officer, marked it according to the mandate as pointed out by Mr. Salim. He then showed the paper to Sir Nazimuddin who told him that there was no need to show his paper, and that he should put it in the box. The witness then says that he does not remember exactly, but thinks that he had put cross marks against 8 or 9 names in the first paper. In fact there is no spoilt ballot paper marked in any way like that. The witness states that there was some difference between the League Party and the Proja Party as to voting for Sir B. P. Singh Roy, and that the League Party wished them to vote for Sir B. P. Singh Roy, hence at Mr. Salim's instance he voted for the former. As the witness cannot even remember how he marked his spoilt paper it is doubtful if what happened was more than that he made an error in marking his paper owing to his defective knowledge of English, since he admits he does not know English well. We have not been able to obtain the version of Mr. Salim, the reason offered being that on the last day fixed for hearing evidence, he was unable to return to Calcutta from Dacca owing to a recrudescence of the riots there. We accept this explanation. We may note that Moslem Ali Molla (P. W. 1) supports the story in the petition that Mr. Mafizuddin Chowdhury's paper was snatched away by Mr. Salim, although Mr. Chowdhury himself does not say so. Mr. Wahiduzzaman (P. W. 26) says he saw Mr. Salim take up one member for a fresh paper, but he could not say who the member was. Mr. Abdul Hakim (P. W. 24) also supported the story of snatching; while Khan Bahadur Hashemali Khan says that he heard about it from Mr. Moslem Ali Molla. We accept the version of Mr. Mafizuddin Chowdhury to the extent that it shows that Mr. Salim interfered or assisted him in his voting. The evidence in no way supports any charge of exercise of undue influence or of corrupt practice against Mr. Salim. It may be that but for the interference by Mr. Salim, and if Mr. Chowdhury had been made to vote in a screened place he might have marked his paper otherwise, not voting for Sir B. P. Singh Roy; the case may be taken as proof of an irregularity

that may have affected a vote for Sir B. P. Singh Roy. We cannot put the matter higher than that, since Mr. Chowdhury cannot identify his spoilt paper, and the only version he gives of the spoiling, namely, that he marked some cross marks on the paper, cannot be correct.

It remains to discuss the evidence given by some witnesses in regard to alleged specific instances of interference with voting, which were not mentioned in the petition, nor have been considered above in discussing the allegations of interference by the ministers. These may be divided into three groups:—

- (1) the cases of (i) Shah Ghulam Sarwar Hossain (P. W. 27),
(ii) Syed Masudali Khanpani (P. W. 29),
who objected to Mr. Hamidul Haq;
- (2) the case of (i) Rai Sahib Kirit Bhusan Das (P. W. 6),
(ii) Rasik Lal Biswas (P. W. 11), and
(iii) Mr. Mohosin Ali (P. W. 20), who all say that they had promised their first preferences to the petitioner; and
- (3) the case of Amir Ali Mian, who states that he was opposed to Mr. Habibur Rahaman, and in favour of the petitioner and Mr. Hamidul Haq Chowdhury.

(1) (i) The case of Shah Ghulam Sarwar Hossain has already been referred to in discussing the case of Mr. Hasanuzzaman (P. W. 30), who stated that Syed Abdul Majid came and sat between these two, and snatched away the paper of Ghulam Sarwar Hossain to mark it. The latter's version is that Syed Abdul Majid after talking to Mr. Hamidul Haq Chowdhury came and sat between the two, telling them to vote as he did and showing his paper to them. The witness marked his paper 1, 2, 3, 4 and was searching for the name of Habibulla Chowdhury, when Abdul Majid pointed to Mr. Hamidul Haq's name and told him to put a "5" there. He then caught the witness' hand, and finally himself marked a "5" against the name of Mr. Hamidul Haq Chowdhury. In cross-examination he added that Syed Abdul Majid also put a "6" against the name of Mr. Habibur Rahaman. Syed Abdul is then said to have taken the paper despite the witness' protests and to have put it in the ballot box. He says that he asked the clerk to give him a fresh paper, but in the bazar *golmal* no one listened to him. We find it very difficult to accept this story which is denied by Syed Abdul Majid (D. W. 7). The witness was sitting beside the passage and next to the ministerial block, not far from the Returning Officer, and also close to the gallery where the candidates were seated. If any such scene, as his story suggests, really took place, we should have expected better evidence on the point. We think that whatever happened has been worked up, and that the evidence relating to it is so unreliable as to be useless for any purpose.

(1) (ii) Syed Masudali Khanpani merely says that Mohammad Israil stood behind him while he voted, looking at his paper, and did not move when asked why he was standing there. He adds that left to himself with secret voting he would not have voted for Mr. Hamidul Haq Chowdhury. This witness sits, as he states, in an isolated place in the fifth block counting to the right from the Speaker's chair; there appears to have been nothing to prevent him from going to the lobby if he wished, and we do not think his evidence really establishes more than that, but for the party decision, he would not have voted for Mr. Hamidul Haq Chowdhury, but that he freely decided to accept that decision and to vote accordingly.

(2) (i) Rai Sahib Kirit Bhusan Das alleges that he had promised his first preference to the petitioner, and would have so voted, but for the fact that Mr. Pulin Behari Mullik came and filled up his paper for him. Mr. Patiram Ray is alleged to have been sitting alongside, and it was understood he would be called as a witness to the incident, but he has not appeared. On the other hand Mr. Mullik has not been examined by the respondent. The witness told Dr. Suren Das (P. W. 7), who was evidently to all intents and purposes the petitioner's agent for this election, that he had not been able to vote for the petitioner owing to the mandate. In cross-examination it was suggested that the witness was in some dilemma as to whether to keep his promise to the petitioner or whether to vote according to the mandate and that Mr. Mullik's action solved his difficulty, and the witness accepted the suggestion. It is quite clear that the witness did not tell Dr. Das his present story, otherwise it would certainly have found a prominent place in the petition. We do not think that the evidence establishes even that it would have made the slightest difference whether the

witness had voted in the presence of Mr. Mullik or in the lobby. He was wavering, and discussed the matter with Mr. Mullik, and finally decided to follow the mandate and would have voted accordingly even had he gone to the lobby. The witness in fact suggests that he may possibly have marked a "7" against the petitioner's name on his paper, which he may have done as a salve to his conscience.

(2) (ii) Rasik Lal Biswas alleges that he too had promised his first preference to the petitioner, but that Mr. Atul Chandra Kumar, an assistant whip of the Congress Party, came and stood in front of him, so that he could not do so. This witness has since left the Congress Party, and had sent in his resignation some time previous to the election. On the day in question there was a split in the Congress Party and two whips had been issued, one by the All-India Parliamentary Sub-Committee in favour of Mr. Kamini Kumar Dutt and Babu Amulyadhane Roy, and another by the party of Mr. Sarat Bose in favour of Mr. Birendra Kishore Ray Chowdhury and Babu Amulyadhane Roy. This witness protested in the witness box against disclosing his method of voting, and was informed that he need not make any statement on the point, but in re-examination for some reason or other he stated that in fact he voted giving his first preference for Mr. Haridas Mazumdar, and second preference for Mr. Arabinda Shaw. He thus completely contradicted his whole story that Mr. Atul Chandra Kumar prevented him voting for the petitioner, for in fact he did not vote according to the party mandate which according to him Mr. Kumar was there to see enforced. This story of Mr. Biswas also is not found in the petition, though he admits he met the petitioner several times in the lobbies after the election. This witness also supports the story of Mr. Mullik's interference with Rai Sahib Kirit Bhusan Das, though that took place a considerable distance away from him. We have little hesitation in rejecting his evidence as totally unreliable.

(2) (iii) Mr. Mohosin Ali states that he had promised the petitioner his first preference and that he meant to keep his promise; he says he had decided not to vote for Sir B. P. Singh Roy and Mr. Hamidul Haq Chowdhury despite the mandate. He asserts that he would have so voted, had there been secret voting, but that Zahur Ahmed came and stood in front of him while he voted, he having told the latter a day or two previous to the election that he would not vote for Mr. Hamidul Haq Chowdhury, and he states that owing to this supervision he followed the mandate. This witness had been attending the hearing of the evidence before the Commissioners for some days and was then asked by the petitioner to give evidence. He says he had met the petitioner several times after the election, but had always avoided him out of some feeling of shame. Finally he came face to face with him in the High Court Building somewhere about the end of January, when he ascertained that this present petition had been filed or was about to be filed. The witness then first informed him that he had not managed to vote for the petitioner at the election, whereupon the latter told him that he would have to depose in this case. We are quite unable to accept the story given by this witness; he did not create a favourable impression in the witness box, and his evidence entirely failed to carry conviction. When pressed in cross-examination he produced the reason given by earlier witnesses that he was afraid of assaults such as had taken place at the time of the no-confidence motion; also the story that he could not go to a screened place as he would be suspected by prominent members, also adding, remembering his previous evidence, that there was in fact no screened place. We consider that the evidence of this witness cannot be relied on to establish anything more than perhaps the fact that he voted sitting at his seat.

(3) Mohammad Amir Ali Mian (P. W. 31) states that he had promised his votes to one Khairul Alam, to the petitioner, and to Mr. Hamidul Haq Chowdhury, while he objected to Mr. Habibur Rahaman. He came to the Assembly on the day of election intending to vote for these three to whom he had promised his vote, provided the voting was secret, though he had not decided upon the order of voting. He merely states that he voted while seated at his place in the Assembly because he found everyone else doing so, and adds that those near him looked into his paper, Mohammad Ibrahim being beside him, and Mr. Salim behind him. He says that accordingly he could not vote according to his own choice, but had to vote according to the mandate. Even assuming this statement to be correct, since we do

not know whether his choice would have fallen on Mr. Hamidul Haq Chowdhury who was elected, or on the petitioner for his first preference, his evidence is of no assistance to show whether the result of the election was affected by his voting being overlooked by others. He says he could not vote in the lobby as the ballot boxes were not there and the doors were closed, but this is not correct. There is nothing in the evidence as to this incident to support any charge of undue influence. We are of opinion that this witness freely decided to vote according to the mandate, the only irregularity in the matter being the fact that he did not vote in a screened place, but this did not affect his vote at all.

We may now summarise our conclusions on the evidence given with regard to particular incidents. In the first place the evidence given does not amount to proof of the exercise of undue influence in any of the instances. As we began by saying, before discussing the cases set out in the annexures of particulars in the petition, evidence was either not at all given in support of those particulars or else as given was totally at variance with them. In the view we take of the evidence it is not necessary for us to consider whether the petitioner should be allowed to establish such instances, founded on facts different from those given in his petition. During the hearing the petitioner sought to amend his list of particulars to accord with the evidence, but his application for this purpose was refused. It is also further unnecessary for us to consider whether, even assuming that the acts alleged amounted to the exercise of undue influence by the particular persons named, they were done with the connivance of and in the interests of any of the candidates, or whether, regarded as corrupt practices under paragraph 1 of Part II of the First Schedule of the Corrupt Practices Order, they materially affected the result of the election of any of the candidates. In forming our conclusions as to the evidence given to establish undue influence, we have necessarily had in mind the evidence relating to the preliminaries including the meetings of the Coalition Party held prior to the election, and the allegation in paragraph 6 of the petition that there was a plan to secure open voting. We noted above that we reserved final consideration of the weight to be given to that evidence until we had discussed the evidence relating to the incidents at the time of the election itself. The whole body of evidence is necessarily inter-related. We are satisfied that what happened in the hall during the time of the election was due to the circumstances then existing, which we have already discussed, and was in no way due to any plan decided upon by the Coalition Party. All parties were similarly involved, and the root cause was the nature of the system provided in the rules, by which some three hundred persons are assembled together, and the difficulty of controlling them in the circumstances, in particular with the arrangements actually made by the Returning Officer. The evidence that there was any such decision is unacceptable, the evidence that the ministers and whips acted in accordance with the alleged decision is equally lacking, and such evidence as is given of actual acts within the Assembly Hall itself, by others than the ministers, shows clearly what was the sole and inadequate foundation for the charges, namely, some instances where the marking of a member's paper was overlooked, or where a neighbour spoke to another at the time of marking to persuade him to vote according to the mandate.

In the second place we have to summarise our conclusions on the evidence of particular instances of interference to estimate their importance as evidence of irregularities. As stated above, we think that in the cases of Mr. Moslem Ali Molla (P.W. 1) and of Mr. Mafizuddin Chowdhury (P.W. 32) there may have been interference by Mr. Zahur Ahmed, and by Mr. Salim respectively, and to put the case at its highest, if these voters had been made to vote regularly in a screened place, they might not have given their first preference to Sir B. P. Singh Roy. Similarly in the case of Mr. Hasanuzzaman (P.W. 30) interference by Syed Abdul Majid may have affected the vote of this witness as regards Mr. Hamidul Haq Chowdhury in the sense that had he been made to vote regularly he would not have voted for this candidate. As regards the other instances also we conclude that there was no interference, there being either merely an ostentatious display of his paper by the voter, or else the voter voted freely according to his wish though overlooked by neighbours. In other instances, particularly the cases of Rai Sahib Kirit Bhusan Das (P.W. 6), Rasik Lal Biswas (P.W. 11), and Mr. Mohosin Ali (P.W. 20) in which evidence was given that interference prevented promised first preferences from being marked in favour of the petitioner, we are

unable to accept the evidence given as establishing more than the fact that the voters in question did not go to a screened place to vote or that if the voter had had any idea of voting for the petitioner he chose freely not to do so but to follow the party whip. The legal effect of these findings will be considered below.

We have still to deal with the charge in paragraph 2 of Annexure B relating to the issue of the so-called mandate by the Chief Minister in the press on the morning of the election, and also to discuss some further irregularities said to have been established by the evidence.

The mandate or whip issued in the Assembly on the morning of the election was in the form of a request to the members to cast their preferences for the candidates named, and in the order named. It is signed (in cyclostyle) by Mr. A. K. Fazlul Haq, described as "Leader of the Party". In the newspaper version the whip is printed verbatim without the signature, and is preceded by a paragraph to the effect that "Mr. A. K. Fazlul Haq, Chief Minister and Leader of the Assembly Coalition Party, has issued the following statement". Some attempt was made by the petitioner to show that this whip was treated as a special case in being signed by the Chief Minister, and it was contended that this was an instance of improper use of his influence and powers by a minister to affect the course of an election. We are satisfied that the whip was signed by Mr. Fazlul Haq in the usual course as was the practice at the time, though this practice has now been changed and whips are signed by the Chief Whip of the party. The whip itself is in form correct, Mr. Fazlul Haq being described as the leader of the party, though his description as Chief Minister is added in the newspaper version, for which of course the newspaper authorities may be responsible. This matter seems to us clearly one in which Mr. Fazlul Haq was entitled to use his influence as leader of his party, and he cannot be deprived of the right to use that influence because he happens to be a minister. We know in fact that leaders of other parties in the house acted similarly. The reasoning in his letter of the 29th February, published in the *Star of India* is manifestly sound, accordingly a decision by the party as to their nominees was essential. The whip did no more than embody and publish that decision for the information of all concerned. As we have already said there was no general plan of coercion on members, and the issue of this whip signed by Mr. Fazlul Haq was certainly not part of any such plan to overawe and intimidate wavering members of the party. The charge of corrupt practice in numerous instances based on the issue of this mandate totally fails. This disposes of issue No. 8. We may further add that the issue of the whip in no sense constitutes any irregularity in the conduct of the election.

We may next briefly mention three further irregularities said to have been established by the evidence.

(1) In accordance with rule 73 voters after placing their papers in the box should quit the place where the box is situated as soon as they have voted. The evidence is that the boxes mostly used were those placed on the floor of the house, surrounded by members seated and talking to each other, who were waiting in the hall after they had themselves voted. This was irregular.

(2) It is admitted that Mr. Meshbauddin Chowdhury, as agent for Sir B. P. Singh Roy, was allowed a seat along with other candidates and agents. As Sir B. P. Singh Roy was himself present both as candidate and voter, this was irregular.

(3) It was brought out that Mrs. Shahabuddin was given a fresh paper by someone other than Mr. Ali Afzal, the Returning Officer. As there is nothing to show that this was not done by one of the two assistants appointed under rule 57(2) of the Conduct of Election Rules with the powers of a Returning Officer, no irregularity in this matter is established.

We are now in a position to dispose of issues 3, 6, 7, 8 and 9, and thereafter it remains merely to discuss the legal effect of the irregularities established.

Our answers to each of the questions raised in issues 3, 6(a), 7(a) and 9(a) are in the negative. The questions in issue 6(b), (c), (d), (e), and in issue 7(b), (c), (d), (e), and in 9(b), (c), (d), (e), do not arise. Our answer to issue No. 8 is that Mr. Fazlul Haq as leader of the Coalition Party issued the instructions as alleged in paragraph 2 of Annexure B, but that in so doing he did not exercise any undue influence at all.

Issue No. 2.—We find that the following irregularities were committed:—

(a) There was a breach of rule 73 of the Conduct of Election Rules, in that a large number of voters did not go to a screened place to vote in accordance with the directions of the Returning Officer nor did they proceed thence with folded ballot paper to the ballot box. Some members after voting in their seats showed their papers to others, some were overlooked at the time they marked their papers.

(b) There was a further breach of rule 73 in that many members did not quit the place where the ballot boxes were situated after they had placed their papers in the boxes.

(c) An agent of one candidate, namely, Sir B. P. Singh Roy, was permitted to remain in the hall although the candidate himself was present. This was a breach of rule 68 of the Conduct of Election Rules.

Issue No. 5.—We have to consider whether the result of the election was materially affected by any of the above irregularities. Relying on cases relating to decisions on proceedings governed by section 13 of the Ballot Act, 1872, and some Indian cases which follow those decisions without clearly indicating precisely what were the terms of the election rules involved, Mr. S. K. Sen has urged on behalf of the petitioner that he having established irregularity, it is for the respondents to show that the result of the election has not been materially affected thereby. This contention is directly contrary to the clear wording of paragraph 7(I)(c) of the Corrupt Practices Order, by which our proceedings are governed. If the provisions of this paragraph are read and compared with the negative form in which section 13 of the Ballot Act is drafted, it is clear that the onus is differently placed by the two provisions. Under the English Act the Tribunal hearing an election petition is enjoined not to interfere with the election if it appears to it that the non-compliance with the rules or mistake in the use of forms did not affect the result of the election. Clearly if there is any reasonable doubt in the matter the petitioner will succeed. Hence Lord Coleridge, C.J., in *Woodward, v. Sarsons* (L. R. 10 C. P. 733) in interpreting the section has laid down that "It will be equivalent to this, that the non-observance of the rules or forms which is to render the election invalid, must be so great as to amount to a conducting of the election in a manner contrary to the principle of an election by ballot, and must be so great as to satisfy the tribunal that it did affect or might have affected the majority of votes; or in other words, the result of the election." In the direct form in which provision is made for this matter in paragraph 7 (I) (c) of the Order there is no scope for interference on the ground that in the opinion of the Commissioners the result of the election *might* have been affected by the irregularity. This view has been taken in respect of a similar provision to that laid down in paragraph 7 (I) (c) in three cases reported in *Hammond's Election Cases* (1936 edition), namely, in *Bulandshahr District (East) 1921* (page 219), *Lahore City (M.) 1921* (page 469), and *Patna West (N. M. R.) 1927* (page 535). It may be that in some circumstances the provision in this rule may operate harshly, where a tribunal may feel that the result of an election may well have been affected by a serious irregularity, but it may be impossible for the petitioner to establish this positively; but we have to interpret and follow the rule as it stands.

So far as the general irregularity of voting which took place in the present election is concerned, which we have found in paragraph (a) above in answer to issue No. 3, we do not think it could have affected more than a few votes, regarding the matter as one merely of speculation in the circumstances. The irregularity itself to a large extent was due to the fact that owing to the operation of the party system so far as most voters were concerned secret voting was merely a superfluous formality. But we cannot speculate on what might have happened had voting been done in a regular manner; it is for the petitioner positively to establish an effect due to irregularity. In our opinion as found above he has at most succeeded in doing so in three cases, and even that proof does not amount to more than establishing that two of these voters, Mr. Moslem Ali Molla, and Mr. Mafizuddin Chowdhury, might not have voted for Sir B. P. Singh Roy if they had voted regularly, while Mr. Hasanuzzaman might not have given a fifth preference for Mr. Hamidul Haq Chowdhury. This again would not

suffice. But even if we were to hold that he had succeeded positively in establishing in these cases that the votes would have gone otherwise, still this would be insufficient even to establish that the actual result of the election *might* have been affected thereby and still less would it be sufficient to establish positively that the result of the election *had in fact* been affected thereby. Sir B. P. Singh Roy had an enormous surplus of votes, namely, a fivefold surplus over the quota required, since he obtained 130 votes, whereas the quota required was only 25 votes. Unless the petitioner could fulfil the obviously hopeless task of proving that this surplus of 125 votes would have wholly melted away but for the irregularity of voting he must fail as regards this candidate.

So far as regards Mr. Hamidul Haq Chowdhury, he finally had a surplus of two votes, so that even if we accepted it as proved that Mr. Hasanuzzaman's preference in favour of Mr. Hamidul Haq Chowdhury would have gone otherwise had he voted regularly, this could not have affected his election. We may further point out that Mr. Hamidul Haq Chowdhury had 27 votes as against the 14 votes of the petitioner, so that the petitioner would have to establish that the irregularities would have deprived Mr. Hamidul Haq Chowdhury of 13 of the papers *finally counted for him*, unless he could also show that some of these papers would also have gone to him, in which case the necessary number would be correspondingly reduced from thirteen. We may further point out that it would not be sufficient for this purpose merely to prove that 13 voters would not have given their fifth preferences to Mr. Hamidul Haq Chowdhury. The counting paper shows he obtained one second preference on the 130 papers containing first preferences for Sir B. P. Singh Roy, and 26 fifth preferences on the papers as finally allotted to him. The parcels of 25 papers forming the quotas of the other four elected nominees of the Coalition Party were in effect selected by chance in successive stages out of the total number of papers allotted to each successively before transfer. We may presume, since we know that there was voting by agreement according to a fixed list, that most of these papers, probably all, contain the name of Mr. Hamidul Haq Chowdhury as fifth preference. In fact unless this were the case it would be unlikely that Mr. Hamidul Haq Chowdhury would succeed in obtaining practically his proportionate share (namely, one fifth of 127 papers) as fifth transferee of the total number of papers. If his name appeared as fifth choice on 26 papers only, it would indeed be against the laws of chance that all 26 would happen to emerge at the end in his pile. The system of counting is evidently based on the assumption that the laws of chance will operate with reasonable evenness so as not to favour any individual unduly. If then the petitioner wishes to show that, say, 13 of the actual papers counted for Mr. Hamidul Haq Chowdhury would not in fact have come to him, he will actually have to satisfy us that some 60 or 65 voters would not have voted for him.

So far as concerns Babu Amulyadhane Roy, who defeated the petitioner by one vote, the petitioner has totally failed to establish his case that owing to irregularities some specified persons were prevented from voting in his favour, so that he actually lost some votes thereby. There is nothing in the evidence to suggest even as a matter of speculation that anyone who voted for Babu Amulyadhane Roy would have voted otherwise if the voting had been done regularly. It may be that if the Coalition Party had not decided upon a list of nominees and that the party should vote accordingly, a few of the petitioner's friends in that party might have voted for him. But there was nothing irregular in that decision or in the fact that it influenced the voting, so that any possible loss of votes due to that cause is outside our consideration. The petitioner thus fails to establish positively that the irregularities proved in fact did materially affect the result of the election so far as regards himself and Babu Amulyadhane Roy.

So far as the other six returned candidates are concerned, the irregularities which we have found in paragraph (c) in answer to issue No. 3 have not been shown in any way to have affected the results of their elections.

The other irregularities found in our answers in paragraphs (b) and (c) to issue No. 3 could not in our opinion have materially affected the result of the election of any candidate, and the petitioner has certainly failed to prove that they did so affect it.

Our answer therefore to issue No. 5 so far as it relates to issue No. 2 is in the negative.

Issue No. 10.—The petition thus fails in all respects, and the petitioner is entitled to no relief.

Before parting with the case we think we should refer to one matter although it does not strictly arise in view of the findings at which we have arrived on the facts. Mr. Bhudhar Halder appearing for Babu Amulyadhane Roy contended that if our findings were against his client we must set aside the election as a whole. We are merely called upon, however, to express our opinion on the matters mentioned in paragraph 7 of the Corrupt Practices Order and possibly also to make a declaration under paragraph 3. Although we may find that the result of our so doing would in fact be useless to the petitioner, and possibly be unfair to Mr. Halder's client, no other power is given to us by the rules. We think that under paragraph 7 of the Order we are only entitled to express an opinion in respect of each particular returned candidate against whom a petition has been presented, and in proper cases the result will be that the election of that particular returned candidate will be void. We do not think we could hold that the election of a particular candidate should be held to be void although grounds for that conclusion cannot be found in the terms of paragraph 7, merely because we know that the "remedy" provided by the provisions as to the filling of vacancies created by our findings will be entirely infructuous so far as the petitioner is concerned.

The anomaly in this matter which Mr. Halder sought to avoid for his client had our findings been against him, consists in the rules which treat as casual vacancies, vacancies that might be caused by our findings, and deal with them in the same way as vacancies caused by resignation or death. If we were to come to findings which would render the election of Babu Amulyadhane Roy void, the result would be that under the terms of rules 64 and 84 of the Conduct of Election Rules, as amended by notification No. 1244 A.R., dated the 16th November 1940, the vacancy would have to be filled by election of a candidate of the General Community, namely, the community to which Babu Amulyadhane Roy belongs. The result would be that some candidate of that community would be elected most probably by the absolute majority of the Coalition Party, and that neither Babu Amulyadhane Roy, nor the petitioner, between whom the real issue may really have lain at the disputed election, would have a chance of being elected at the subsequent election held to fill the vacancy. The result would have been even more anomalous had the petitioner happened to be a member of the Muslim Community. He would not, under the rules, though succeeding in his petition, have even been able to be a candidate at the subsequent election held to fill the vacancy caused by his success. The present rule is to the effect that so long as all the nine candidates are not unseated, that is to say, if only eight or less are unseated, then the new candidates to fill the so-called casual vacancies created must be of the communities of the candidates unseated. In other words though those candidates have been elected irregularly, or through corrupt practices, they will have at least staked out a claim for their communities for the seats. The system of election by means of the single transferable vote is so interlocked that unless anomaly is to be avoided it seems difficult in fact to provide for interference with one election without the election being upset as a whole. This in turn leads to some anomaly in that entirely innocent persons duly elected would have to be unseated. Babu Amulyadhane Roy and the petitioner, for example, cannot be put in the position of contesting for a seat except at an election where there are eight other seats being filled, besides the ninth which is the only one that can come into the picture so far as they are concerned; only thus can these two be enabled to repeat the contest found to have been irregular. It is evident therefore that some choice of evils is needed, and it is not for us to attempt a solution. As it is we have gone beyond our strict functions in drawing attention to the anomaly in the rules as they stand.

We think we should also draw special attention again to our criticism of rule 65 of the Conduct of Election Rules, which in our opinion is the root cause of the difficulties and irregularities which have arisen in this case, and we recommend examination of the question whether there is any need to collect all the members of the Assembly before distributing ballot papers to them. We venture to suggest that unless there is some special reason unknown to us the rule be amended so that the election may proceed in the usual manner between certain fixed hours, members arriving to vote in their own time, and leaving at once after voting. To avoid any chance of duplication members might be asked to sign on receipt of a ballot paper.

It came to our notice that counting of votes proceeded till a late hour of the night. The system is complicated and requires a clear head. We suggest that there is no reason why counting should have to be done immediately after the election or why it should not be adjourned till a later day, with the usual precautions for sealing boxes and custody during the interval.

We have given careful consideration to the matter of costs. There was clear and glaring irregularity in the proceedings, and we think the petitioner to some extent performed a useful public function in challenging these proceedings, though investigation shows that the difficulties in the way of a petitioner in these cases so far as he relies merely on proof of irregularities, are very great. He has, however, also attempted to exaggerate his case and has made serious charges of commission of corrupt practices on little or no foundation. So far as concerns respondents other than those who were nominees of the Coalition Party, they were necessary parties in so far as the petitioner claimed the seat by a recount, and though he never made direct charges against them, it was necessary for him to include them in view of the ambiguity as to the law. We award, therefore half costs to Sir B. P. Singh Roy and Sir Thomas Lamb, and we estimate such half costs at Rs. 1,250 in each case; we similarly award half costs to Mr. Hamidul Haq Chowdhury and estimate them at Rs. 250, also to Mr. Abul Quasem, and estimate them at Rs. 100. Khan Bahadur Saiyed Muazzamuddin Hossain supported the petitioner to some extent in his petition, and deposed for him, we think he should bear his own costs. The other returned candidates were mainly concerned only to answer a point of law, and the chief contest for them was made by Mr. Birendra Kishore Ray Chowdhury; we award him Rs. 250 as costs, and the others Rs. 100 each. We award no costs to the remaining respondents.

PART IV A

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 15141.L.A.—16th April, 1941.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 4th April, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

**STATE PROVISION BILL FOR MATERNITY AND CHILD
WELFARE CLINICS, 1941.**

**A
BILL**

to provide for establishment and maintenance of maternity and child welfare clinics at all district headquarters for ante-natal and post-natal care and treatment ; and also to provide for the care and attention to children in order to combat the high rate of infant mortality in the province of Bengal.

WHEREAS it is expedient to make provision for establishing maternity and child welfare clinics in all the district headquarters of the province ;

It is hereby enacted as follows :—

1. (a) This Act may be called the State Provision Act for Maternity and Child Welfare Clinics, 1941.

(b) It shall come in force on such dates as the Governor in Council may by notification in the *Calcutta Gazette* appoint.

2. In this Act, unless there is anything repugnant in the subject or context,—

(a) “district headquarters” means headquarters of each district in the province of Bengal ; and

(b) “child” means boy or girl under the age of 3 years.

3. A maternity and child welfare clinic equipped with all modern appliances and fittings is to be established as an adjunct to the zenana hospitals where such hospitals are already in existence or as an independent institution by itself if there be no such hospitals for rendering all possible assistance and treatment of ante-natal and post-natal maternity cases at such nominal fees as shall be accessible to the poor.

4. Attached to the maternity clinic there shall be a child welfare clinic.

5. The officer in charge of the maternity clinic shall be a fully qualified lady doctor with special knowledge and experience in Gynæcology.

6. The officer in charge of the child welfare clinic shall be a female medical practitioner or a trained lady health visitor who will be an assistant to the officer in charge of the maternity clinic.

7. Part of the duties of the officers shall be the holding of weekly meetings for instructing the ladies of the locality in matters of maternity and child welfare.

STATEMENT OF OBJECTS AND REASONS.

The need for a Bill of this nature is obvious. Due to ignorance and want of expert advice infant mortality is on the increase. The prevalence of child or early marriages in Indian societies is another factor which contributes to a great extent to the heavy toll of infant lives. The disastrous consequences of early marriages may be averted to a great extent by proper precaution and care. Babies of girl mothers also need careful attention. This Bill aims at providing both maternity and child welfare clinics at all district headquarters for giving ante-natal as well as post-natal assistance to the poor and ignorant women of the district.

K. ALI AFZAL,

Secy. to the Bengal Legis. Assembly.

**BENGAL LEGISLATIVE ASSEMBLY
DEPARTMENT.****NOTIFICATION.**

No. 1515L.A.—16th April, 1941.—The following report of the Select Committee on the Bengal Secondary Education Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

The Report of the Select Committee on the Bengal Secondary Education Bill, [1940] 1941.

We the members of the Select Committee to which the Bengal Secondary Education Bill, 1940, was referred by a motion carried in the Assembly on the 28th August, 1940, have the honour to submit this our final report with the Bill embodying amendments recommended by us annexed. Matter recommended to be omitted by us has been printed in italics and included in square brackets and new matter recommended by us to be inserted has been underlined.

As the Committee could not meet before the 30th November, 1940, by which date we were enjoined by the said motion to present our report to the Assembly, the time for presentation of the same was extended till the 15th January, 1941, on a motion specially moved and carried in this behalf in the Assembly on the 28th November, 1940.

The Committee met for the first time at 11-30 a.m. on the 16th December, 1940. As deliberations on the Bill could not be concluded before the 15th January, 1941, an *ad interim* report was presented to the Assembly on the commencement of its next session on the 3rd February, 1941, and the time for submitting the final report was further extended till the 15th April, 1941.

The Committee thereafter met from time to time till the 7th April, 1941, when they concluded their deliberations on the Bill.

The Bill was published in the *Calcutta Gazette* before introduction on the 1st August, 1940, and we do not consider it to have been so altered by our recommendations as to require republication.

The reasons for the changes suggested in the Bill, apart from those of a purely drafting or consequential nature, are as follows:

Clause 1.

Sub-clause (1).—The alteration in the date of the Bill has been necessitated by lapse of time since its introduction.

Clause 3.

Sub-clause (1).—The insertion of the word “development” is intended to make the provision more comprehensive.

Clause 4.

The Committee had to take into consideration every detail of the proposed constitution of the Board to set it on a satisfactory representative basis. The original sub-clauses (6) and (7) have been omitted as in our opinion there is hardly any necessity for these officers coming into the Board as *ex-officio* members, particularly in view of the amendments recommended by us in sub-clauses (19) and (21) of this clause. The interest of the European and Anglo-Indian communities would be served by the modified sub-clause (19) under which it will now be possible for the Inspector of European Schools to be elected by the Provincial Board of Anglo-Indian and European Education. Physical education will probably now be represented according to the revised sub-clause (21) and the chances are that the Director of Physical Education will be the Government nominee for some time to come.

In sub-clause (16) we have raised the number of Principals of *madrassahs* from one to two so that both the Old Type and Reformed Scheme *madrassahs* may be adequately represented.

In sub-clause (17) we have added "or Anglo-Indians" in view of the fact that the education of Europeans and Anglo-Indians is carried out on a common basis and a representative educationist from either of the communities would serve the interest of both.

Sub-clause (19) has been amended to give wider discretion to the Provincial Board of Anglo-Indian and European Education in the matter of electing their nominees.

Sub-clause (20).—The alteration here is primarily of a drafting nature.

Sub-clause (21).—This has been amended by reduction of the number of nominated members from eleven to ten, reducing the number of Muslim and Hindu nominated members from four to three and from seven to five, respectively, thus making it possible to nominate one member from the Indian Christian and one from any other community not already represented.

The proviso is intended to limit the scope of nomination under this sub-clause to persons connected with educational problems, as far as practicable, so that the services of the best available men, particularly in the field of technical education, can be utilised in the Board.

Clause 7.

We have considered it expedient to specify the period of appointment and extension of the appointment of the President instead of leaving it entirely in the hands of Government, and we have also made it clear that the salary and allowances of the President shall be paid from the Secondary Education Fund.

New Clause 11A.

Temporary vacancies are bound to occur now and then in the office of the President and in consonance with the scheme of the Bill, we have inserted this new clause requiring the Government to make all necessary arrangements for meeting the situation.

Clause 12.

The slight addition in sub-clause (2) is consequential on the insertion of the new clause 11A. The amendment in sub-clause (3) is of a purely drafting nature.

Clause 16.

Sub-clause (1).—The object of the amendment here is to utilise the services of the existing Inspecting Staff at present working under the Government of Bengal and to make possible their replacement by staff who would be appointed and paid by the Board and be ultimately under their direct control. Fifteen years have been considered an adequate period for effecting a complete transfer of the function of inspection of secondary schools into the hands of the Board.

Clause 18.

Sub-clause (2).—By this new provision we have tried to give a power which was in our opinion indispensable as a preliminary step for carrying out the purposes of the Bill.

(iii) The original sub-clause has been expanded with a view to bring out more clearly the real purposes underlying the provision.

(iv) The amendment here is intended to avoid the necessity of previous sanction of Government being obtained in each individual case. The approval by the Provincial Government, of any action of the Board under this provision, is in our opinion sufficient safeguard against any possible abuse. We have also expanded the power of the Board to institute, hold and control examinations including the Matriculation Examination now conducted by the University of Calcutta or any equivalent thereof. In our opinion this power was necessary to enable the Board to have effective control over the entire field of secondary education.

(vi) The amendment here is of a consequential nature.

Clause 19.

Sub-clause (1).—In (f) we have provided for the procedure for election contemplated by this sub-clause to be prescribed by the Board by regulations made under clause 18(3) of this Bill.

(g) We have redrafted sub-clause (g) and have given elaborate directions as to the status and qualification of the two officers intended to come under this clause.

(h), (i), and (j) have been consolidated and re-arranged in the new (h) with certain modifications which appeared to us to be advisable. In connection with the representatives of the University of Dacca we did not consider residence in Calcutta a desirable limitation. This has, therefore, been dispensed with. We have further considered it expedient to select the Hindu and Muslim representatives of Dacca University in the manner provided in the amended clause which appeared to us to be the most suitable from all points of view. The amendment in the provisions relating to the representatives from the University of Calcutta is of a purely drafting nature. Ultimately we have raised the number of non-University representatives from one to four to provide for a representation from the European and Anglo-Indian communities and a more adequate representation of the Muslim community.

Sub-clause (5) has been inserted as a necessary provision indicating the mode of filling up vacancies caused by resignation, removal or death and the terms and conditions of such appointments.

Clause 20.

Sub-clause (1).—(ai) and (bi) have been inserted for indicating generally the procedure to be followed by the Executive Council for the purpose of formulating plans and suggestions for the Board and also in carrying out the intentions of the Board in the matter of development of secondary education. These general provisions were, in the opinion of the Committee, essentially necessary for the purposes of the Bill.

(i) We have considered it expedient to empower the Board to frame regulations to be followed by the Executive Committee in matters contemplated by this sub-clause.

(iiia) Appointment of examiners and making of arrangements for examination by the Executive Council is a necessary corollary to clause 18(2) (iv) of the Bill and the insertion of this sub-clause is only of a consequential nature.

(iiib) Although the general powers of the Executive Committee covered this, we thought it desirable to have a clear provision in relation to the syllabus of studies to be followed in secondary schools as has been done here.

(va) Decision of disputes between teachers and Managing Committees forms an important item in the matters of control of secondary schools, and we have made it possible for the Council by this sub-clause to arbitrate or arrange for arbitration in such disputes.

(*via*) It was thought desirable definitely to specify that the Executive Council should determine syllabuses and courses of studies.

(*vii*) The slight alteration in this clause is intended to limit the scope of this sub-clause to publications suitable for secondary schools only.

Sub-clause (2)—new (c).—By this new sub-clause we have made it imperative for secondary schools desiring recognition by the Executive Council to secure approval and registration by the Council.

Sub-clause (4) has been removed from this clause to clause 30, in a slightly altered form, as a more appropriate place for its insertion.

Clause 21.

Sub-clause (1).—(*d*) has been amended to enable principals of colleges for women to elect their own representative instead of leaving it to the Senate of the Calcutta University.

The other alterations in (*d*) and (*e*) are intended to provide for the procedure for election under this sub-clause to be prescribed by regulations under clause 18(3). In redrafted (*f*) and (*g*) we have thought it desirable to provide for election for four out of six women members of the Committee and co-option of two by the rest of the members. We expect that the co-option will be made according to the needs of the Committee for the time being in the best interests of girls' education. We have reduced European representation by one and increased Muslim representation by that number for the purpose of more appropriate adjustment of communal proportion.

Clause 22.

The clause has been deleted as we did not consider a separate Committee like this necessary, although we have retained the provisions for a Scheduled Castes Committee in clause 23.

Clause 23.

Sub-clause (1)(b).—We have amended this to make it clear that the members must themselves belong to Scheduled Castes.

(*c*) We have considered it desirable to have all the Scheduled Castes members of the Board on this Committee instead of limiting the number to three.

(*d*) A revised clause has been substituted, as we preferred to leave the selection of the official representatives in this Committee to Government with this reservation that the Special Officer for Scheduled Castes Education, if there is any, must be one of them.

New Clause 23A.

Although we have not gone to the extent of providing a Committee for the European and Anglo-Indian communities we have considered it expedient to give statutory recognition, by this new clause, of the right of the existing Provincial Board of Anglo-Indian and European Education to advise the Board and Executive Council in matters relating to the secondary schools under their control.

Clause 24.

We have slightly amended this clause, requiring the Board to prescribe the procedure for election under sub-clause (1)(b).

Clause 25.

In sub-clause (1) (*g*) we have reduced the number of persons to be elected from three to two. We did not consider any special representation of Scheduled Castes in this Committee necessary. (*f*) has been eliminated

as we have made it possible for the Committee to co-opt an Inspector of Schools, according to their needs, for the time being, by the insertion of the new sub-clause (g). The amendment in the proviso is consequential. In our opinion the constitution of the Committee as recommended by us would serve its purposes better than a Committee as originally provided for.

Clause 26.

Besides giving the Board the power to prescribe by regulations the procedure for elections under this clause, we have redrafted sub-clause (1) (g) with amendment providing for inclusion of a Head Mistress in this Committee without disturbing the communal ratio.

Sub-clause (3).—We have expanded and redrafted this clause to make the powers and limitations of the Committee more definite.

Sub-clause (3a).—We have considered it advisable to give this additional power of recommendation to the Committee as they are expected to know suitable persons who deserve to be appointed examiners.

Clause 28.

The clause has been expanded to define the tenure of members of Committees and the method of filling up vacancies in sufficient detail to avoid any possible misinterpretation.

Clause 29.

In the new sub-clause (4) we have given the President power to associate experts whenever this is considered necessary for carrying out the functions of the Boards. In our opinion this is a very desirable provision, particularly when new ideas of development are sought for, or technical and administrative problems are to be solved.

In sub-clause (5) we have inserted the rights and limitations of such associated members. For obvious reasons it is undesirable to give them the right of voting at meetings.

Clause 30.

Sub-clause (1).—We did not find any necessity for limiting the time of meeting within the first fifteen days of July and have provided that it may be held at any time within the month as no administrative difficulty is expected by this slight extension of time.

Sub-clauses (2), (2a) and (2b).—We have amended sub-clause (2) and inserted sub-clauses (2a) and (2b) in order to put the provisions for meetings on a reasonably satisfactory working basis. We have by our amendments deprecated frequent revisions. In raising the proportion of members necessary to revise a decision, our object was to make the provision more stringent to avoid the possibility of revision which is not supported by a strong and decisive majority opinion of the Board.

Sub-clause (3).—We have raised the number to form the quorum from nine to sixteen as we thought the former number inadequate for a Board of 48 members and, further, we were of the opinion that at least a third of the total number of members should always be available for the quorum.

Clause 31.

While reducing the period of notice for an emergency meeting, we have fixed the minimum period at two days, and we do not expect any insurmountable difficulty in the observation of this limit.

Clause 32.

The amendments in this clause are of a drafting nature except that we have left the final adjustment of the budget estimate, in case of difference with the Board, in the hands of the Provincial Government.

Clause 33.

Sub-clause (aa).—We have inserted this new sub-clause as no satisfactory progress in education is possible without adequate funds for the purpose of grants-in-aid and assistance to schools and the sum of twenty-five lakhs provided for in sub-clause (a) is hopelessly insufficient for the purpose.

(b) The amendment here is of a formal nature. As a matter of course, the amount to be contributed must be left to the Provincial Government for determination.

Clause 35.

The amendments in this clause are of a purely formal and drafting nature.

Clause 40.

Sub-clause (2).—The object of inserting this new sub-clause was to let the objector know where he was wrong.

Clause 42.

Sub-clause 2(a).—We did not find any reason to differentiate between servants of the Crown and officers or servants of the Board who are both salaried officers, in the matter of recovery of dues by deduction from their salaries, and we have put them in the same category for the purpose of such recovery.

Clause 46.

We did not consider it necessary that the notification under this clause need specify the reason for the order as any interested party can secure it without difficulty from Government. This portion of the provision has therefore been omitted.

We have, however, considered it desirable that the Legislature should be apprised of the circumstances leading to the extraordinary orders contemplated by this clause and have accordingly made a provision to that effect.

Clause 49.

Words and action stand on the same footing for the purpose of indemnity under this clause. We have therefore inserted the word "said" before "done" to protect legitimate deliberations or departmental observations.

Clause 51.

The amendments in this clause are consequential on the recommendations in the provisions throughout the Bill.

Clause 52.

The Committee were definitely of opinion that the Board should as soon as possible hold and control an examination which should serve as an admission test to the University. They considered herein that this power should not be exercised until after 31st December, 1945. It was, however, advised that any provision to regulate admission into the post-secondary courses of the University might be beyond the scope of the present Bill. The Committee did not, therefore, consider it advisable to retain the provisions of clause 52 in the present Bill and recommend that legislation amending the Calcutta University Act making it obligatory on the part of the University after December 31st, 1945, without any further test to admit students who have passed the Board's Final Examination should be taken by Government without any delay. The Committee thought that the purpose of this Bill would not be fully served without simultaneous legislation of the nature mentioned above. Such an amendment of the University Act should be restricted to the above purposes and need not be lengthy.

Clause 53.

The slight addition of words was necessary as a corollary to the previous amendments in the Bill.

NOTE 1.—Signatures of Mr. K. Sahabuddin and Mr. Pulin Behary Mullick, M. L. As., could not be obtained till the time of printing this report.

NOTE 2.—Mr. Pramatha Ranjan Thakur, M. L. A., resigned his membership of the Select Committee.

Minute of dissent by Mr. Upendra Nath Edbar, M.L.A.

While I reserve to myself the right to suggest any amendments I may think fit when the Bill, as amended by the Select Committee, comes up before the Assembly, I sign the report subject to the following minute of dissent:—

Clause 25, sub-clause (1) (g).—I do not agree with the amendment suggested by the Select Committee. I consider that the Scheduled Castes should be represented in the Publications Committee which is one of the most important Committees; so I think that the original clause 25, sub-clause 1(g), should be retained to safeguard the interest of Scheduled Castes.

Clause 26.—There is no reservation for representation of Scheduled Castes in the Matriculation Committee. In my opinion, a provision should be made in sub-clause (1)(d) for reserving one of the two Hindu seats for the representation of the Scheduled Castes.

Minute of dissent by Mr. M. Shamsuddin Ahmed, M.L.A.

It is to be noted with regret that the Bengal Secondary Education Bill, 1940, has created a great stir in the educated section of our Hindu fellow-countrymen. I very much desire that even now there is enough time that the representatives of both the communities should try to sit round a table and come to a settlement regarding the Bill itself. As the Bill at present stands, I think the composition of the Board is rather heavy and the official element should be eliminated to a very great extent. On principle I am for total abolition of the nomination system of members to the Board. No one should be nominated to the Board by the Government. As the experiment is a new one, to begin with, a small element of nominated members may be kept. I think the number of appointed members, as at present stands, should be further reduced. In sub-clause (27) in place of ten persons to be appointed, I suggest six persons should be appointed—two Muhammadans, three Hindus, of whom one should be a member of the Schedule Castes, and one Indian Christian. So far as the three women, to be appointed for the time being in place of three, I suggest two women to be appointed—one Hindu and one Muhammadan. The *ex-officio* element is also rather big. I would rather suggest that two or three representatives on behalf of the Primary School Board should be taken in by election. There should be curtailment of *ex-officio* element and the number of members on the Board should never exceed beyond 40. So far as section (33) is concerned, I think a sum of 25 lakhs of rupees would not help very much in the proper functioning of the Board. In place of 25 lakhs the amount should be at least a crore of rupees. If it is found difficult at the present moment to provide a crore, a sum below 50 lakhs would be absolutely inadequate to meet the requirements of the Board.

No. 1576L.A.—21st April, 1941.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 4th April, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE EMPLOYMENT OF BENGALLEES BILL, 1941.**A
BILL**

to provide for the employment of Bengalees in larger numbers in the Presidency of Bengal.

WHEREAS it is expedient to secure the employment of Bengalees in larger numbers be it enacted as follows :—

1. This Act may be called the “ Employment of Bengalees Act, 1941.”

2. (a) It shall extend to the whole of Bengal.

(b) It shall come into force as soon as it receives the assent of the Governor.

3. Unless it is otherwise provided in this Act or is repugnant to the context—

(a) “ Bengalee ” means a person who speaks and can read and write Bengali language or who has got no other homestead or place of residence anywhere outside the province of Bengal.

(b) “ Officers ” means and includes all classes of employees above the menials.

(c) “ Menials ” include durwans, chaprasis, daftaris, bearers, orderleys and other employees below the rank of “ Officers ” but does not include the “ sweepers.”

(d) “ Manager ” means a person or group of persons entrusted with or made responsible for the management or conduct of any firm, factory, office, workshop, godown, stores, business or place where employees are to work and includes a Proprietor, Managing Director, Secretary and Managing Agency.

4. Notwithstanding anything contained in any other law for the time being in force —

(a) in all services under the Government of Bengal not less than 95 per cent. of the officers and 90 per cent. of the menials, and

(b) in all services under private factories, firms, workshops, stores and similar other concerns not less than 80 per cent. of the officers and 50 per cent. of the menials,

shall be recruited from Bengalees :

Provided that for the purposes of this section services of persons appointed by the Secretary of State for India or the Governor-General or by the Governor in the exercise of his individual judgment shall not be deemed to be services under the Government of Bengal.

5. Anybody, either a Manager or any other person required to observe the provisions of section 4 of this Act who fails to comply with the said provisions, shall be punished with a fine which may extend to Rs. 1,000 per month for the period of non-compliance.

6. Notwithstanding anything contained elsewhere in this Act, the Provincial Government may, if it thinks fit, extend the time, which shall not exceed 10 years, for compliance with the provisions of this Act by any person or Manager.

7. The Provincial Government may make rules necessary for administering this Act.

STATEMENT OF OBJECTS AND REASONS.

Very large number of non-Bengalees capture salaried posts both in Government offices and outside it every year. As a result of this the people of the soil are getting unemployed more and more. If immediate steps are not taken, to solve this problem of unemployment of the Bengalees, the situation will grow very much serious in near future. Provisions of this Bill are only an attempt to secure more jobs for the people of Bengal and it is in line as shown by the Governments of the neighbouring Provinces.

(AMENDMENT) BILL, 1941.**

**A
BILL**

*to provide for the development of the system of self-government
in the rural areas of the province of Bengal.*

WHEREAS it is expedient to amend the Bengal Village Self-Government Act, 1919 ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Village Self-Government (Amendment) Act, 1941.

2. It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint in this behalf.

3. In section 6, sub section (3) with the proviso shall be omitted.

4. In section 7 for sub-section (1) the following shall be substituted, namely :

“(1) Every male person of the full age of eighteen years and having a place of residence within the union shall be entitled to vote at an election of members of the union board and the votes shall be taken by secret ballot by symbol system.”

5. For section 20, the following shall be substituted, namely :

“20. The union board shall, when a vacancy exists, appoint a person who is fit to be a headman of the village police or a village policeman under this Act. The union board may on good and sufficient grounds in writing dismiss a headman of the village police with the sanction of the District Magistrate.”

6. For section 21 the following shall be substituted, namely :—

“21. The number of headmen and the village policemen to be employed in a union, the salary to be paid to them and the nature and cost of their equipment shall be determined by the union board at such times and in such manner as may be prescribed by rules under section 101.”

7. For section 22 the following shall be substituted, namely :—

“22. Any headman of the village police or village policeman, who is guilty of any wilful misconduct in his office or neglect of his duty, such misconduct or neglect not being so grave in the opinion of the board as to require his dismissal, shall be liable to be punished by the union board with a fine not exceeding the amount of one month's salary.”

8. For section 25 the following shall be substituted, namely :—

“All fines realised from a headman of the village police or village policeman under section 22 of the Act, shall be credited to a union police reward fund, the control over which shall rest with the Subdivisional Magistrate.”

*The Bengal Village Self-Government (Amendment) Bill, 1941.**(Clauses 9—11.)*

9. In clause (a) of section 37, for the words "contribution, if any, made by the Provincial Government" the words "contribution made by the Provincial Government" shall be substituted.

10. In section 40 for the words "District Magistrate" the words "Subdivisional Magistrate" shall be substituted.

11. In the proviso to section 88, after the words "District Judge" the words "or senior munsif of the subdivision" be inserted.

STATEMENT OF OBJECTS AND REASONS.

In the actual working of the union boards much difficulties are confronted with. Particularly as the Act has been working for over 20 years, it is high time now that some sections should be cancelled or modified and some new beneficiary measures should be adopted. So for the benefit and according to the demand of the country and for some more rights for the people according to the democratic principles, the nomination system be abolished; adult male franchise and vote by secret ballot by symbol systems be introduced. The powers of the union boards be increased with respect to the appointment, punishment and dismissal of the dafadars and chaukidars who would be henceforth called as headmen of the village police and village policemen. Contribution by Provincial Government would no longer remain optional but compulsory. Power to revise assessment should be transferred to the Subdivisional Officer who is in direct contact with the people from the District Magistrate and the power to cancel or modify order or to order retrial of the decision of the board be extended to the senior munsif of the subdivision also besides the District Judge.

BILL**

*to amend certain sections of Act V of 1940 for the purpose
and manner hereinafter appearing.*

It is hereby enacted as follows :—

1. (1) This Act may be called the Bengal Jute Regulation (Amendment) Act, 1941.

(2) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

2. After section 3 the following sections shall be inserted, namely :—

“3A.—Any jute-grower who by accident or for some other reasons could not grow jute in the year of notification in any specified area, or through ignorance or indifference did not apply for having their jute lands recorded, may apply before the departmental authority not below the rank of an Inspector to have his lands under jute recorded in which jute was grown either by himself or by his predecessors in interest in previous years as contemplated in section 3 of the Act or jute was grown in the year of notification, but not recorded for reasons stated above, and the said departmental officer if satisfied may have the lands recorded as prayed for or reject the prayer for reasons recorded by him.

3B.—Any growers of jute aggrieved by non-recording of their entire lands under jute for the year under notification may apply before the departmental officers not below the rank of a Chief Inspector for reconsideration of any such objections and necessary corrections of the same and the said officer after due enquiry may if satisfied make such corrections as is thought reasonable and necessary for the purpose and his decision would be final.”

3. To section 5 the following proviso shall be added, namely :—

“Provided that any *bona fide* mistake either in the name of the jute-growers or in the cadastral survey plots or area of the plots in full or a portion thereof in which jute is as grown in the year under notification be corrected by the departmental officers not below the rank of a Chief Inspector either on his own motion or on the petition of the jute-growers whenever thought necessary.”

servant of the Crown shall allot to such person an area of land which is equal to such average area, and shall, in conformity with the provisions of this sub-section, issue to such person a licence specifying the area so allotted and the land comprised within such areas :

Provided further that the area allotted to any person under this sub-section shall not be less than the area of such land of the holding of such person as is entered in the record as comprising land on which no crop other than jute can be grown."

6. After sub-section (1) of section 10 the following sub-section shall be inserted, namely :—

"(1a) When a notice is given under sub-section (1), any person to whom an allotment of area has been made under that sub-section, and who desires to grow jute on any land not entered against the names of himself or his predecessor in interest in the record relating to the previous year or years referred to in the notification under section 7, may, in such manner as may be prescribed and together with a certified copy of the entry relating to such land in the finally published record-of-rights, apply to the committee or to a servant of the Crown authorised under sub-section (7) or appointed under sub-section (9) of section 6 for permission to grow jute on the whole or such portion of such land as may be specified in the application : and the committee or such servant of the Crown, if satisfied that permission should be granted, shall specify such land in the licence to be issued in conformity with the provisions of sub-section (1) :

Provided that the total area of land specified in the licence shall in no case exceed the total area of land allotted to the applicant under sub-section (1)."

7. After section 10 the following section shall be inserted, namely :—

"10A.—No restriction be applied to any land reclaimed by the jute-grower from jungles with the obvious object to improve the rural area and to grow jute therein."

8. In section 11 for the word "Collector" wherever it occurs the words "Chief Inspector under this Act" shall be substituted.

9. After section 11 the following section shall be inserted, namely :—

"11A.—Any jute-grower aggrieved by the decision of the 'Chief Inspector' as contemplated in section 11 may appeal to the Collector as provided in this Act."

STATEMENT OF OBJECTS AND REASONS.

As serious complaints and objections are raised by the jute-growers regarding the licence for lands on which jute is to be grown inasmuch as the liberty of the cultivators and *rai-yats* has been too much fettered by compelling them to grow jute on the same land against their interest and inasmuch as there were innumerable defects and omissions in the hasty records of jute lands and as instructions of the departmental officers are not generally followed by the members of the Union Jute Committee and for other reasons seemed beneficial for the jute-growers of the province, the provisions in the amendments are thought necessary. The Bill also seeks to make some improvement in the provisions of the Act.

No. 1593L.A.—21st April, 1941.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 4th April, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL RENT REDUCTION BILL, 1941.

A
BILL

to provide for the reduction of excessive rents prevailing in agricultural areas comprised in permanently settled and revenue free estates in Bengal.

WHEREAS it is expedient pending the enactment of further legislation to reduce excessive rents payable by tenants and also to fix the minimum rates of rents payable by *raiyats* and under-*raiyats* in the permanently settled and revenue-free estates in Bengal :

It is hereby enacted as follows :—

1. (1) This Act may be called the Bengal Rent Reduction Act, 1941.

(2) It extends to permanently settled and revenue free estates in Bengal but should apply to homestead lands of a *raiyat* or an under-*raiyat* having agricultural land in the same or contiguous village.

(3) It shall come into force on such date as the Provincial Government may by notification in the *Official Gazette* appoint.

2. In this Act unless there is anything repugnant in the subject or context the expressions "holding," "*raiyat*," "under-*raiyat*," "rent," "tenant," "estate," "tenure," "under-tenure," "proprietor," "landlord," and "Permanent Settlement" have the same meanings as in the Bengal Tenancy Act.

3. Notwithstanding any contract to the contrary between the parties in any area to which this Act applies, the rate of annual rent payable by a *raiyat* shall not exceed three rupees per acre :

Provided that if in any estate the average rate of revenue per acre is found to be two rupees or more, the rate of annual rent payable by a *raiyat* may be more, but shall not exceed, by more than fifty per cent., the average rate of revenue in that estate.

4. Notwithstanding any contract to the contrary between the parties the rent payable for a holding or a portion or share of it by an under-*raiyat* to the *raiyat* who is his immediate landlord shall not exceed by more than fifty per cent., the rent payable by the *raiyat* to his immediate landlord in respect of the land comprised in the under-*raiyati* holding or a part of the *raiyati* or under-*raiyati* holding.

5. Notwithstanding any contract to the contrary between the parties the rent payable for a holding or a portion or a share of it by an under-*raiyat* of the second or a still lower grade to his immediate landlords shall not exceed, by more than ten per cent., the rent payable by his immediate landlord in respect of the land comprised in such under-*raiyati* holding of the second or a still lower grade.

6. Notwithstanding any contract to the contrary between the parties the rent payable by the tenure-holder or by the under-tenure-holder of any grade whose rent or rate of rent is not fixed in perpetuity to his immediate landlords will be reduced in proportion to the reduction, if any, made in the rent payable by the *raiyat* in that tenure.

*The Bengal Rent Reduction Bill, 1941.**(Clauses 7—10.)*

7. After the commencement of this Act, the Court, on an application made for reducing rent in accordance with the provision of this Act, by a tenant whose rent is in excess of the rent as provided by this Act, shall reduce the same in accordance with the provisions of this Act :

Provided that no Court shall make any such order unless notice of the application has been served to all the immediate landlords.

8. The provision of this Act shall not apply to any estate or holding in which the rates of rent are found to be lower than the rates as provided by this Act.

9. Nothing in this Act shall apply to any tenant who holds lands under the Government or who holds land at a rent fixed in perpetuity.

10. The provisions of this Act shall not be affected by anything contained in any other law for the time being in force.

STATEMENT OF OBJECTS AND REASONS.

Notwithstanding the enactment in operation of the Bengal Agricultural Debtors Act (Bengal Act VII of 1936) the *raiyats* of Bengal are groaning, as they groaned before, under the burden of the excessive rental, payable to the landlords. Instances of excessive rate of rent are too many to mention. As an instance the excessiveness of rent paid by the *raiyats* of the Alapshing Pargana in the Mymensingh district may be mentioned. The revenue paid by the landlords of the said pargana amounts to 71 thousand rupees, whereas rent realised by them amounts to Rs. 15 lakhs. One caring to enquire into the cause of legion of Bengali *raiyats* taking shelter in the unhealthy jungle of Assam and that of numerous *raiyati* holdings made *khas* by the landlords will at once realise the mischief brought about by excessive rate of rent prevalent in Bengal. There is in fact no effective enactment in the Statute Book of Bengal to give adequate relief to the poor *raiyats* of Bengal. With the object of giving relief to the *raiyats* of Bengal the mover of this Bill intends to introduce this Bill into this Legislature.

19. The Provincial Government may, after previous publication, make rules for carrying out the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

It is well known that the landholders' employees, numbering on a conservative estimate about a million, have no living wage, security of service, regularity in hours of work, leave or holidays, provident fund or provision for old age. They are so helpless that they have no other alternative than to bear all these privations with a resigning attitude. The Bengal Landholders' Employees' Association, a registered Trade Union, have given expression to the most reasonable aspiration of the landholders' employees, *i.e.*, to live as a man should live with at least the ordinary amenities of life.

It is high time now that the Government of Bengal should come to the rescue of these employees by extending to them the Court of Wards and other elementary amenities necessary for human life.

(1) "Tenant" means a person or a firm incorporated under the Indian Companies Act or unincorporated who takes a lease written or verbal for the use and occupation of a house or land or a portion thereof from the owner or a superior lessee of the house or land as the case may be on the condition of payment of rent per month or per any period as may be agreed upon between the parties.
- (2) "Landlord" means and includes an owner or a lessee under him who lets out a house or land or a portion thereof to a tenant.
- (3) "Rent" means money payable by a tenant for the use and occupation of the house or land in his tenancy and may include or exclude municipal tax either the occupier's share or the owner's share or both.

CHAPTER III.

EJECTMENT OF TENANT.

- Ejectment of tenant. 3. (1) Where a tenant has taken lease of a house or land or portion thereof for residential purposes and has occupied the same for a period of six months or over, he shall not be liable to ejectment without three months' notice:
- Provided that such tenant shall be entitled to quit by one month's notice.
- (2) Where a tenant has taken lease of a house or land or portion thereof for business purposes and carries on business therein he shall not be liable to ejectment except by two years' notice in ordinary circumstances and by three years' notice if he has been in occupancy for more than eight years:
- Provided that such tenant shall be entitled to quit by three months' notice.
- (3) The landlord will be entitled to eject a tenant by giving one month's notice if the latter fails to pay the rent for three successive months.

The Calcutta Tenancy Bill, 1941.

(Clause 4.)

(4) The landlord will be entitled to eject a tenant if he can satisfy the court that he is going to occupy the premises for his own use and in that case, the court on hearing both the tenant and the landlord, will determine the period by which the tenant will vacate the premises.

CHAPTER IV.

ENHANCEMENT OF RENT.

Enhancement of
rent.

4. The landlord will not be entitled to increase the rent of a tenant excepting the municipal tax to the extent which he may have to pay due to the increment of taxes, if any, by the Corporation of Calcutta.

STATEMENT OF OBJECTS AND REASONS.

It has been a long-felt grievance of the tenants of Calcutta that their rent is increased and they are ejected at the sweet will of the landlord. Whenever a tenant does not agree to pay the increased rent, he is served with a notice to quit. Middle class business tenants, who have started some business and have established some good will there, are being put to heavy loss by the arbitrary action of the landlord. It is urgently necessary that the tenants of Calcutta should be protected from the arbitrary action of the landlord. It is for this purpose that this Bill has been brought before the House to regulate the increment of rent and ejection of tenants.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 21st March, 1941:—

L. A. BILL No. 19 OF 1941.

A Bill further to amend the Indian Evidence Act, 1872, for certain purposes.

WHEREAS it is expedient further to amend the Indian Evidence Act, 1872, for the purposes hereinafter 1 of 1872. appearing: It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Evidence (Amendment) Act, 1939.

Amendment of section 90, Act 1 of 1872.

2. To section 90 of the Indian Evidence Act, 1872, 1 of 1872. the following proviso shall be added, namely:—

“Provided that the word ‘document’ shall include a copy of the document obtained from the Registration Department or some other Government office, if such a copy is admissible in evidence under section 65.”

STATEMENT OF OBJECTS AND REASONS.

Section 90 of the Indian Evidence Act allows certain presumptions to be made in respect of documents more than 30 years old and coming out of proper custody. Prior to the year 1935 all the courts in British India allowed this presumption to be made in respect of the copies of such documents also when the originals had been lost and destroyed. This practice received judicial recognition as early as 1880 (*vide* 5 Cal., p. 886). During the period of 55 years when this practice was in force in India there were no complaints of its ever having been abused. It gave the necessary facilities to the holders of ancient title-deeds, who had lost the originals and who could not possibly procure evidence for proving copies of documents, the parties and witnesses to which had died long before a dispute arose in respect of them. In 1935, however, the Privy Council in *Basant Singh Vs Brij Raj Saran* 1935 A. L. J. Page 847, held that section 90 dealt with the original documents only and had no application to copies. It expressly overruled the rulings in 5 Cal. page 886 and 41 All. 592. This ruling of the Privy Council has upset a well established practice, which was supported by all the High Courts of India. This has placed great difficulties in the way of persons who have the misfortune of having lost their original and old title-deeds and their number is by no means small in India. In addition to the difficulty of preserving old documents by individuals, the certainty and ease with which copies are available from the Registration Department has greatly added to the tendency of not caring much for the originals. It cannot be denied that the copies obtained from the Registration Office or other Government offices are very good substitutes for the original documents. In many cases such copies are much more reliable than unregistered original documents. The effect of this ruling, however, is that the holder of a doubtful original documents is placed in a better position, than a person who relies on the copy of a registered document, the execution of which made an admission regarding his execution before a regularly appointed Government official. The ruling of the Privy Council relates both to the copies of registered and unregistered documents, and as a matter of fact in the case concerned their Lordships were dealing with the copies of an unregistered document. The object of the present amendment, however, is to give some relief to the holders of the copies of registered documents only, the holders of the copies of unregistered documents have been left to their fate. It is hoped that the revival of an old and well established and good practice will give great relief to the public.

GOVERNMENT OF INDIA.**Legislative Assembly Department.**

The following Bill was introduced in the Legislative Assembly on the 21st March, 1941:—

L. A. BILL No. 20 OF 1941.

A Bill to simplify the procedure in appeals to the Federal Court.

WHEREAS it is expedient to simplify the procedure in appeals to the Federal Court, and to give the said Court full powers to regulate its own practice and procedure under section 214 of the Government of India Act, 1935;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 1941.

Repeal of section 111-A of Act V of 1908.

2. Section 111-A of the Code of Civil Procedure, 1908 (hereinafter referred to as the said Code), is hereby repealed.

Repeal of Rule 17 of Order XLV in the First Schedule to Act V of 1908.

3. Rule 17 of Order XLV in the First Schedule to the said Code is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The Government of India (Adaptation of Laws) Order 1937 added Secs. 111-A and O. 45 r. 17 to the Civil Procedure Code and thereby made the procedure of Privy Council Appeals applicable to Federal Court Appeals. The aforesaid procedure is cumbersome and dilatory, meant for appeals to a Court six thousand miles away and should not be applicable to a court of appeal situated in India. Moreover, the addition of these provisions to the Civil Procedure Code have derogated from the powers of the Federal Court to regulate its own practice and procedure under section 214 of the Government of India Act and has been commented on unfavourably by the Federal Court in its decision in case No. 15 of 1939, Lachmeshwar Prasad Shukul Vs. Basdeo Lal Chaudhury. It is desirable therefore both from the points of view of simplifying procedure in Federal Court Appeals and restoring to the Federal Court its powers to regulate practice and procedure that the new additions to the Civil Procedure Code should cease to be operative.

MD. RAFT,

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 27th March, 1941:—

L. A. BILL No. 21 of 1941.

A Bill further to amend the Indian Succession Act, 1925.

WHEREAS it is expedient to amend sections 213 and 370 of the Indian Succession Act, 1925, in regard to testamentary succession of Indian Christians; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Indian Succession (Amendment) Act, 1941.

Amendment of section 213, Act XXXIX of 1925. 2. In sub-section (2) of section 213 of the Indian Succession Act, 1925 (hereinafter referred to as the said Act), after the word "Muhammadans" the words "or Indian Christians" shall be inserted.

Amendment of section 370, Act XXXIX of 1925. 3. In the proviso to sub-section (1) of section 370 of the said Act, after the word "administration" the words "or probate" shall be inserted.

*The Governor General has been pleased to accord the previous sanction required by section 67(2)(a), of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

Prior to 1901, Indian Christian laboured under a serious grievance, namely, that they were compelled to obtain probate of wills and letters of administration with liability to pay death duties on the death of every owner of property under the Indian Succession Act X of 1865, while Hindus and Muslims were exempt from the provisions of the Act. They have since been partially relieved by being placed practically on the same footing as their non-Christian countrymen in cases of intestacy under the Indian Christian Estates Administration Act VII of 1901; but where the deceased has left a will, they are still bound to obtain probate and pay probate duty as required by section 213 of the Indian Succession Act XXXIX of 1925 a section which does not apply to wills of Hindus, Buddhists, Sikhs or Jains except where such wills are of the class specified in clauses (a) and (b) of section 57 and to all wills of Muhammadans.

The necessity of making wills has been imposed upon Indian Christians by the provisions of the Indian Succession Act as to intestate succession being made applicable to them, which are far in advance of their usages and are derived from English law. It is felt as a serious hardship that in such circumstances Indian Christians should be compelled to obtain probate and should be made liable to pay death duties while their non-Christian countrymen to whom wills are a luxury are exempt. From this injustice they should be relieved by placing Indian Christians on the same footing as Hindus and Muhammadans in sections 213 and 370 of the Act.

The Ward Councillor of Ward No. 24 was appointed as a permanent ex-officio representative of the Calcutta Corporation on the Honorary Committee of Management of this Garden with a view to obviate the necessity of notifying a fresh appointment every year.

Dr. S. N. Roy Chowdhury, L.M.S., has been engaged on probation as a Medical Officer of this Garden on a monthly allowance of Rs. 25 per month with effect from 1st December 1939. He visits the Garden twice weekly and also attends serious cases or accidents among the employees.

Staff.—The following is a list of the superior staff of the Garden at the end of 1939-40:—

1 Food Distributor.	4 Malis.
1 Carpenter.	4 Cooly Sardars.
1 Mason.	10 Coolies.
	1 Blacksmith.

In addition temporary men were engaged as required.

Notable Visitors.—The Garden was closed to the public on the 30th December 1939 from 7 to 9-30 a.m. on the occasion of the visit of their Highnesses the Maharaja and Maharani of Nepal. At the conclusion of their visit, His Highness very generously made a donation of Rs. 500 for distribution among the employees of the Garden.

Two Elephants—Begum and Joymala—were sent to Belvedere to carry a trumpeter and Father Christmas for the children's party given by Their Excellencies the Viceroy and the most Hon'ble the Marchioness of Linlithgow on the 28th December 1939. The Comptroller of their Excellencies household wrote to express thanks and appreciation of their Excellencies.

Her Excellency Lady Mary Herbert with her son visited the Garden on the 11th January 1940, and showed great interest in a number of the exhibits. She also rode the camel.

In December 1939, six cat-bears (Common Pandas) were acquired and two of them were sent to Belvedere for inspection by their Excellencies the Viceroy and the most Hon'ble the Marchioness of Linlithgow together with a written resume of their food and habits.

Important births.—There have been various important births amongst mammals and birds, the most important being one Hippopotamus (female) in September 1939, a female Camel in January 1940, and a male and two female Gayals. All are thriving and are a great attraction.

Since the outbreak of war it has been impossible to secure animals from outside India. Himalayan pheasants arrived in large numbers due to the difficulties attending their customary export, and the Garden was fortunate in being able to secure specimens of Blood, Hume's Barred-backed, Blyth's Tragopan, Koklas, Monal and Purple Kalij.

This year again the Garden succeeded in rearing a number of birds of which the most interesting were:—

Mute Swans;
Black Swans;
Tambourine Pigeons;
White Peafowl;
Common Peafowl;
Saras Crane; and
A number of Pheasants.

The following laid but either did not hatch or were unsuccessful in rearing chicks:—

Ostrich.	Argus Pheasant.
Emu.	Gold Pheasant.
Cheer Pheasant.	Silver Pheasant.

This cold weather again saw advent of a huge flock of Lesser Whistling Teal. It is hoped, in time that some will stay and breed. Actually one pair remained and bred but did not succeed in rearing their brood. Night Herons, Lesser Cormorants and Darters are represented in such quantities as to become a nuisance to pedestrians and a danger to the trees. A steady increase in the Cattle Egrets which visit the Gardens has to be reported. They are a most attractive sight as they sweep in to roost in the sun-set.

Losses.—This year as regards deaths the Garden has been most unfortunate as it lost several of very best exhibits. The greatest of these was the breeding pair of giraffes followed by a pair of young Ancoas, two female Chimpanzees, a Tiger and a Mississippi Alligator. This Alligator had lived in the Garden Reptile House for at least 25 years.

Garden.—The good condition of the Garden was well maintained throughout the year and the lawns and walks presented a trim and neat appearance.

Flowers this year were particularly good and the Garden succeeded again in winning a silver cup, a medal and several first and special prizes for entries at the Agri-Horticultural Society's Exhibition.

Improvements.—The newly made re-inforced concrete building for hyaenas, a photo of which appeared in last year's report, was covered with interlinked wire-netting of one inch mesh.

Hippopotamus Pit.—Due to an unfortunate accident when a young Indian girl fell into the enclosure and was killed by the male Hippo on the 24th April 1939 immediate steps were taken to prevent a recurrence of the tragedy by lowering the ground level on the inside of the enclosure and by buttressing the walls. The path round the circumference of the pit was partly shut off and a fence of interlinked

wire-netting—three feet high was erected on the surrounding walls. A further fencing of expanded metal of $1\frac{1}{2}$ " mesh was placed 6' above and 5' below the platform, round the southern portion of the two pits and fixed in concrete.

A New Two Storied Building for Menial Staff.—The Committee of Management discussed the question of providing additional quarters for the menial staff of this Garden numbering more than one hundred and sanctioned erection of a two-storied building containing ten rooms on each floor with verandah and kitchen arrangements in Begunbari. Estimates and plans were called for from Messrs. Martin & Co., Mackintosh Burn, Ltd., and several other building contractors.

This building has since been erected and is of the following dimensions:—

130' - 0" \times 16' - 10" with a platform 4' wide 1' - 3" high on the ground floor and a projected open balcony 4' wide on the first floor level.

Rooms measure 10' \times 10' \times 10', kitchens 5' \times 5' \times 10' and verandahs 5' \times 5' \times 10'. Suitable ventilators have been provided for both rooms and kitchens.

Repairs to Old Quarters of the Menial Staff.—Extensive repairs have been effected to both the two-storied and single-storied blocks. It is further under consideration to provide "pucca" kitchen blocks opposite these quarters.

Boundary Wall.—The exterior face of both the Garden and Begunbari boundary walls were colour-washed.

Pheasant House.—The outer enclosures of cages Nos. 22 to 27 were so infested with rats that it was essential to thoroughly reconstruct the floor and sides. This was done with concrete spread on wire-netting and the whole laid on a brick foundation. The result, so far, has been completely successful.

Drain from Indian Antelope Paddock to the N. E. Moat.—In order to drain off stagnant rain-water from the new extension, a small section of underground and a much larger section of surface drain was constructed. This runs from the Indian Antelope Paddock to the moat enclosing the new extension. These steps have been effective in securing the necessary drainage in the heaviest of downpours.

Refreshment Pavilion.—The entire building including the roof-top was colour-washed and the whole interior portion including wooden works were painted.

Lesser improvements were such items as the construction of concrete food troughs for animals, additional shelters for deer, repair or replacement of fences, repair in all cases to cages was carried out in concrete or such material which would prove more lasting than that formerly used.

Financial Position.—Below is given a tabular statement showing the number of visitors and gate receipts for the last four years. It will be seen that receipts have shown a marked increase since 1936-37. The peak year, 1938-39, was due to the Chooramoni Yoga Festival, an event taking place only four times in a century. Without the aid of this festival the receipts have this year come within Rs. 774 of the record and had it not been for a bad monsoon the same would have

eclipsed this figure. It might be mentioned at this point that one or two public shelters for the visitors during the rains are very necessary and it is hoped that this appeal will reach both the eye and heart of some of the numerous charitable-minded friends of this Garden.

Years.	Visitors.	Receipts.	
		Rs.	a.
1936-37	.. 889,099	55,622	12
1937-38	.. 936,744	58,664	9
1938-39	.. 1,038,678	65,009	8
1939-40	.. 1,027,649	64,235	8

The Committee desire to convey their thanks to the Corporation of Calcutta for having again sanctioned our exemption from the payment of rates for the year 1939-40.

A large number of children under four years of age and many school children attended by their teachers were admitted free to the Garden. In addition 59,724 persons visited the Garden on free days. This would represent a sum of over Rs. 3,700.

A detailed statement of the number of visitors and receipts appears in Appendix B.

The Committee also wish to convey their appreciation and thanks to those members of the public as well as to members of the Garden who have contributed towards the satisfactory results achieved during the year under review.

A list of those ladies and gentlemen who have made gifts to the collection will be found in Appendix C. There were in addition many offers to present animals to the Garden, but these offers could not always be accepted either because the particular species was already sufficiently well-represented, or owing to want of accommodation.

The Committee also desire to express their thanks to the following Railway and Steamer Companies for kindly conveying animals belonging to the Garden free of charge:—

- (1) British India Steam Navigation Company.
- (2) East Indian Railway.
- (3) Rivers Steam Navigation Company, Limited.

The band of the 1/15th Punjab Regiment could not be engaged for the whole cold weather season but the Howrah Police Band were an able substitution to the Regiment after they had left Calcutta. Thanks of the Committee are due to both the Commanding Officer and the Superintendent of Police for their assistance.

The Committee again record their indebtedness to those members of the public who sent old or broken down horses to the Zoological Gardens, where they are destroyed under the most humane conditions.

G. D. McNAIR,
President.

H. A. FOOKS,
Honorary Secretary.

SUPERINTENDENT'S REPORT.

I have the honour to submit the following comparative table showing the stock on the 31st March, in the collection during the last four years:—

Years.		Mammals.	Birds.	Reptiles.
1936-37	..	448	2,121	69

1938-39	..	426	2,219	112
1939-40	..	418	2,125	50

The decrease in the mammals is due to a policy of not overcrowding the existing enclosures and steps were taken to thin out a number of deer.

The Reptile House owing to subsidence on one side which has cracked the plate glass fronts to the cages, has been only partially filled pending repair or remodelling.

Ordinary cases were dealt with in the dispensary maintained in the Gardens and in more severe cases, the Principal, Bengal Veterinary College, was asked for his assistance.

Amongst the commoner forms of disease the following may be mentioned :—

Infectious diseases.—Stray cases of Tuberculosis were found amongst the antelopes and deer. This diagnosis was confirmed by the Raymond Research Laboratory. This disease was found to be less common amongst the primates and still less in the carnivora. Pulmonary lesions were found to be very prevalent in antelopes and deer. A tiger was found to have died of intestinal lesions. Other common ailments were Streptothricosis, Mycosis and Avian Pasturella.

Post-mortem examinations were held on all important animals and doubtful cases were sent to the Principal, Bengal Veterinary College, for his examination, to whom thanks are due for his practical advice and suggestions whenever approached.

Dacca, the 18th April 1941.

Monthly Weather and Crop Report of Bengal for March 1941.

I. *Character of the season.*—During the month under review, the rainfall was below the normal throughout the province. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Preparation of lands for jute and other autumn crops continues, but more rain was needed for the operation. Sowing of jute in low lands commenced. Harvesting of spring crops advanced.

III. *State of standing crops.*—The state of standing crops was reported to be generally unsatisfactory owing to drought.

IV. *Prospects and probable outturn.*—The prospects of standing crops were reported to be generally poor except in some districts. The outturn of wheat was estimated to be 60 per cent.

V. *Damage to standing crops.*—Continuous drought caused damage to the growth of the standing crops in many parts of the province.

VI. *Condition of agricultural stock.*—The condition of livestock was, on the whole, fair. Stray cases were, however, reported from 16 districts of the province as also from the Cooch Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of the 24-Parganas, Birbhum and Rajshahi districts.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in 13 districts, fell in 2 and remained stationary in the rest of the province. The prices ranged from 6½ seers per rupee in Darjeeling to 10 seers per rupee in Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair except in the distressed areas of the Murshidabad and Birbhum districts where relief measures were in operation.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 8th April 1941.

**Third Forecast of the Wheat Crop of Bengal,
1940-41.**

(*Note.*—On an average of the five years ending 1938-39, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on, has, in the five years ending 1938-39, averaged (a) 44·4 and (b) 8·4, respectively.)

Character of the season.—After the issue of the Second Forecast continued drought adversely affected the growth of the crop and thus reduced the outturn for the province.

Acreage.—According to the estimates of the District Officers, the total area sown comes to 169,100 acres this year as against 177,000 and 177,100 acres respectively in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 60 per cent., as against 74 and 73 per cent. respectively in the corresponding and final forecasts of last year.

Taking the normal yield to be 9 3/5 maunds per acre, the gross yield of the crop for the province is estimated at 35,800 tons as against 46,200 tons and 45,600 tons respectively in the corresponding and final forecasts of last year.

M. CARBERRY,

Director of Agriculture, Bengal.
